

Radical **simplicity.** Radical **pricing.**

Save up to 50% TCO and get two months free*

It's well-known by IT leaders that cloud backup offers simplicity, ease-of-use, and significant pricing advantages over on-premises data backup solutions. Delivered as-a-Service and deployed in as little as 15 minutes, Druva can safeguard your organization's data with secure and centralized cloud backup and disaster recovery to prevent accidental or malicious data loss, as well as protecting your data from ransomware attacks.

For a limited time, purchase one-year of Druva Phoenix Enterprise or Druva inSync Cloud Elite backup service and you will get **two months free*** This is in addition to the up to 50% [TCO savings](#) you already get for moving your data protection to the cloud. Say goodbye to hardware, software, and maintenance complexity.

*Get two months free of Druva Phoenix Enterprise or Druva inSync Cloud Elite with a one year purchase of service. Offer valid for 12 consecutive months purchase of Phoenix Enterprise (with no rollover for free credits) and inSync Cloud Elite (with unlimited add-on and no rollover for free credits) only. Offer is limited to first time Druva customers only. It may not be combined with other offers. Offer subject to change or cancellation without notice. Void where prohibited. Offer expires on March 31, 2020.
