INTRATEM

HELPING FINANCE STOP WASTING MONEY ON TECHNOLOGY BILLS AND IT TEAMS KEEP THEIR SANITY.

Dealing with technology expenses like IaaS is no fun, **Intratem** makes it straightforward and easy.

Cloud Expense Management

As companies adopt hybrid and multi-cloud environments, visibility can become challenging.

Our lightweight solution sets up in under 15 minutes without software installation, delivering insights and recommendations within 48 hours.

On average customers save 30% of their annual IaaS spend.

Visibility

- **Granular budget insights:** See where your budget is being spent across multiple clouds.
- **With over 400,000 different instance pricing schemas,** be confident you are choosing the right one for your business.
- **See where there is an opportunity** to cut costs without impact on performance and save time.

Optimization

- **Real-time cloud** consumption delivers actionable, highly detailed recommendations on how to best invest resources to support current business needs.
- **Receive** actionable, highly detailed recommendations for decision making while maximizing savings.

Automation

- **Always-on:** Constant monitoring ensures your priorities and cloud investment are aligned.
- **Proactive:** Be alerted once a savings threshold is crossed.
- **Customer Defined:** Set your own thresholds based on recommendations and business requirements.

Supported Platforms

- Amazon Web Services
- Google Cloud Platform
- VMware Private Cloud
- Microsoft Azure
- Kubernetes (EKS, AKS, GKE)
