Evolve with Cúram

Transforming the delivery of social services to support our communities

OUR EXPERIENCE

From becoming the first application to enable multi-program eligibility to supporting government programs around the world, Cúram™ helps federal, provincial, state, and local governments transform health and social services programs. Now, as the product has evolved over the years, the platform is used worldwide to connect benefits administrators, social services agencies and case managers. It is a holistic, client focused approach to providing health and human services that leads to improved outcomes for individuals and families.

25+

self-service applications

187 million

citizens served and
protected annually

WHY CÚRAM?

Cúram is named after a Gaelic word that means “care and protection.” We have chosen to embrace this name as a reminder of what’s at the core of all we do: putting people at the center of health and social care. It speaks to the passion our teams and our clients bring to the communities they serve.

OUR FUTURE

Cúram’s rich history combined with our focus and commitment to solving new challenges as part of Merative is the ideal combination for our clients. We believe that by enabling organizations to transform the delivery of services, empowering caseworkers and helping people access the programs they need, our technology and expertise can improve outcomes for individuals and the communities they serve. Our name is a testament to this and is a name that brings meaning to the impactful work we do with our clients.
