SAP National Security Services Inc. (SAP NS2) supports GSA's vision to reimagine federal IT procurement and management under the OneGov initiative. SAP NS2 is extending a Limited-Time Offer to all entities eligible to purchase via Carahsoft's GSA Schedule and NASA SEWP contracts, reinforcing its commitment to support agencies as they scale, adopt and modernize with SAP Solutions at the greatest possible value.

SAP Products offered as part of the Promotion:

SAP Products	Discount
SAP license-based database, integration, and analytics products, including Sybase offerings.	80%
Business Technology Platform (BTP), SAP Analytics Cloud, and HR Payroll solutions	30%

Additional Limited Time Offer Inclusions:

- Up to \$1 discount for every \$1 spent in Year 1 on eligible SAP products for modernization projects. This discount is provided as an incentive to offset transition costs from products approaching end of maintenance.
- Waived data egress fees for data transfer across government-certified hyperscaler environments.
- Access to government premium transformation services and tools to ensure seamless activation and cost-effective operation.
- Dedicated SAP Enterprise Architect assigned to each modernization program.

Agencies with current SAP NS2 or SAP deployments eligible for immediate savings under the 80% discount include but are not limited to:

- Department of Defense, US Air Force, US Army, US Navy
- NASA, GSA, Department of Energy, Department of Transportation
- Consumer Product Safety Commission, DARPA, EPA, Intel, and others

*Discounts apply to new contracts awarded or contracts modified to add additional covered offerings or users, as appropriate, or on or before **March 31st, 2027**. No minimum purchase required for discount eligibility. This offer does not include bundles of products and services. Discounts apply at the individual SKU level.*
