To purchase, check out the contract vehicles available for procurement:  
[carah.io/ADFcontracts](https://carah.io/ADFcontracts)

# Mobile Device Investigator<sup>®</sup>

## Collect

1

- Live Preview evidence in seconds
- Screenshot evidence with OCR
- Screen Record Android, iOS, and ChromeOS with Preserved Audio
- Acquire up to 4GB of data per minute
- Built-in Search Profiles to speed collection

## Report

3

- Portable standalone viewer to share with investigators and prosecutors
- HTML, CSV, and PDF reporting options
- Export JSON to 3rd party applications

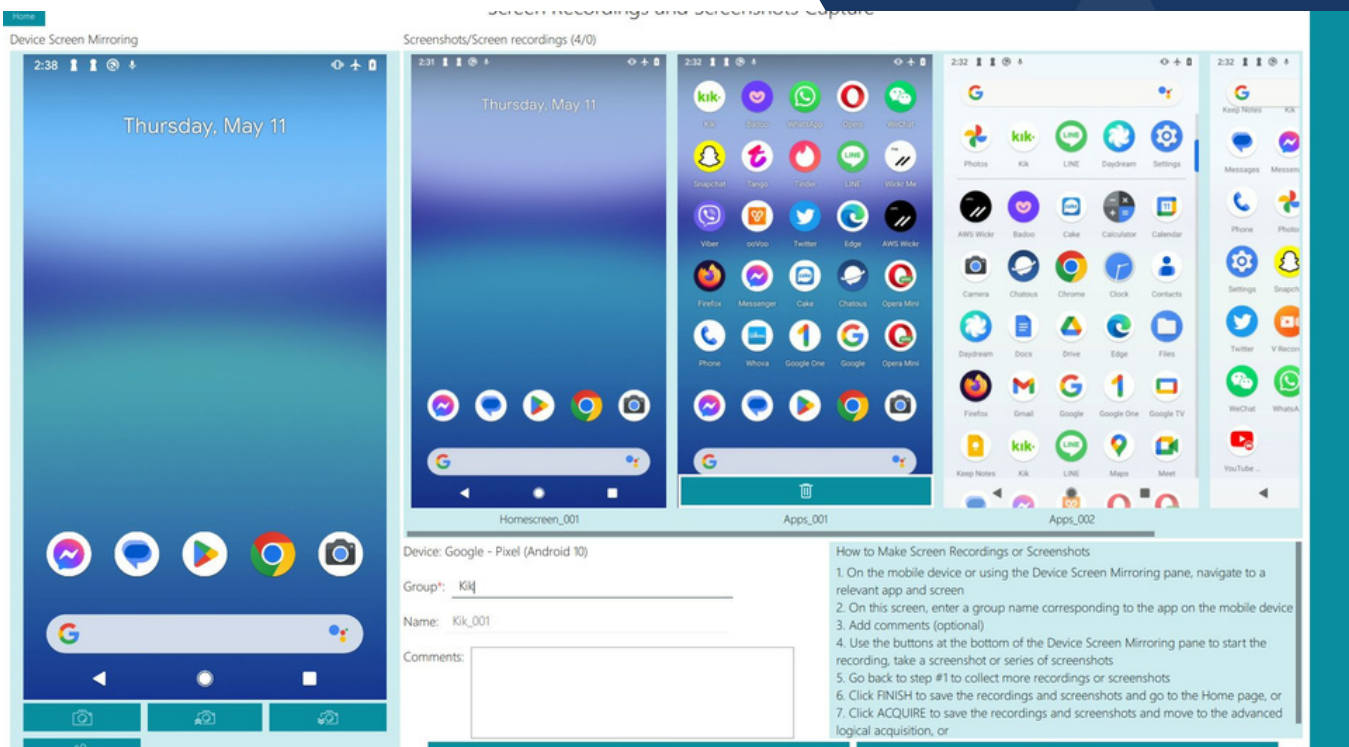

## Analyze

2

- View links between files of interest and user activities
- Filter search results with sorting and search capabilities
- Leverage facial analysis age detection

## Add-On Capabilities

- Central management capabilities
- License Server (check-in-check-out)
- Audit Server (report across the agency)
- 230+ language translation with text analysis, entity extraction, and gisting

*ADF is an incredibly easy-to-use forensic software that allows us the ability to collect actionable intelligence in the field. Additionally, ADF has significantly reduced the time it takes to complete our forensic caseload by over 80%; Not only saving time but more importantly, saving lives. - Stephen Komorek, API Consulting Group*
