Qanapi Key Management Service Pricing

Utilize Google Workspace productivity solutions with enhanced data protection. Protect your data using Google's client-side encryption and control encryption keys with Qanapi.

\$15 per user/month

All-in-one solution that can be deployed in minutes and easily managed

- | | |
|--|--|
| ✓ Customer-Managed Encryption Key | Create, control, and manage keys outside Google. |
| ✓ Google Workspace Integration | Manage keys to protect data stored and shared across Google Workspace (G-Suite) products. |
| ✓ Audit Logging & Monitoring | Generate reports to gain visibility into your organization's key rotation policy and user access. |
| ✓ Policies & Permissions | Leverage your Google Workspace permissions to set policies on who can access which data and when. |
| ✓ Data Residency | Store encryption keys within the continental U.S. to guarantee U.S. data sovereignty. |
| ✓ Compliance with Industry Regulations | Meet requirements by controlling data encryption and decryption, with full reporting capabilities. |
| ✓ Cloud Flexibility | Operate in multi-tenant or private cloud environments on Google Cloud. |
