

GSA OneGov Initiative: Deliver Claude AI to All Government Branches for \$1

To receive pricing and/or to schedule an overview reach out to:
anthropic@carahsoft.com or call 888.66.CARAH

Anthropic delivers responsible AI for mission-critical workflows with FedRAMP High authorization via Claude for Government and through its commercial solution, Claude for Enterprise. This offer ensures that the federal workforce can tap into the transformative power of AI to modernize operations, improve decision-making, and deliver better results for taxpayers.

Under the agreement, all eligible participating branches will gain access to the Anthropic offerings for a nominal fee of **\$1 through August 10, 2026**, including the company’s frontier models with continuous updates as new capabilities are released.

Claude for Government - Federal	
	<p>FedRAMP High Compliant. This allows Claude to handle Sensitive but Unclassified data (SBU) such as:</p> <ul style="list-style-type: none">• Law enforcement data• Controlled unclassified information (CUI)• Financial, legal, or regulatory data
Claude for Enterprise - Federal	
	<p>Securely connect Claude to your agency’s knowledge and empower every team with trusted AI features such as:</p> <ul style="list-style-type: none">• Web search and advanced research• Encryption, not used for training, complies with business regulations• Can integrate with Slack, Google Workspace, Microsoft 365, Notion, API• Covers business/legal frameworks (SOC 2 and GDPR)

The \$1 deal is available exclusively on Carahsoft Technology Corporation’s GSA Schedule. Offer and access expire after August 10, 2026. Price per organization. Access to Haiku and Sonnet base models only. For Federal civilian departments and agencies, and Judicial and Legislative branch agencies.
