Learn How RePath Mobile App Works

Powered by eHawk

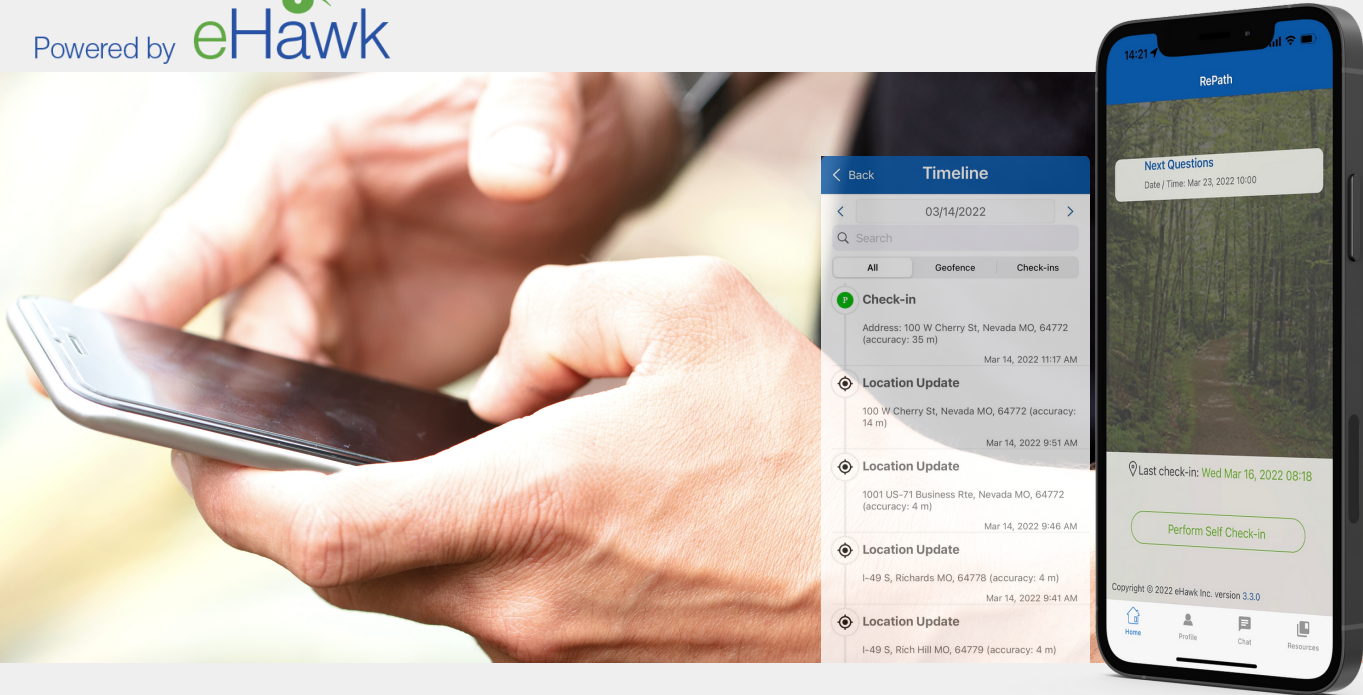

How can we help make your job easier?

RePath utilizes a smartphone app with an officer platform to verify, identify and locate each participant on the platform. The platform provides compliance ratings and trends for individuals. These features allow officers to more effectively manage their caseloads, resources and efforts. Keeping each participant involved on a daily basis is likely to deliver lower recidivism rates and create better outcomes.

- Mobile Check-ins**
 - Two-layer verification using biometrics and facial authentication
 - Real-time location with every check-in
 - Check-in verification with periodic questions
 - Randomized daily check-in schedule or requested check-in
- Continuous Location Monitoring**
 - Continuous GPS locations
 - Create inclusion and exclusion zones
 - Locate Now
- Community Resources**
 - In-app availability to community resources
 - Link to address included in resources
- Messaging & Video Chat**
 - Secure, in-app chat messaging
 - Mass SMS messaging
 - Video Chat
- Document Management**
 - Send documents to the participant
 - Easily receive documents from the participant
 - Access and store documents for your caseload
- Appointment Reminders**
 - Automated notifications for upcoming appointments/court dates
 - Decrease failures to appear

Document Management

- Send documents to the participant
- Easily receive documents from the participant
- Access and store documents for your caseload

Appointment Reminders

- Automated notifications for upcoming appointments/court dates
- Decrease failures to appear

RePath

Powered by eHawk

A modern tool for helping community corrections manage large populations efficiently.

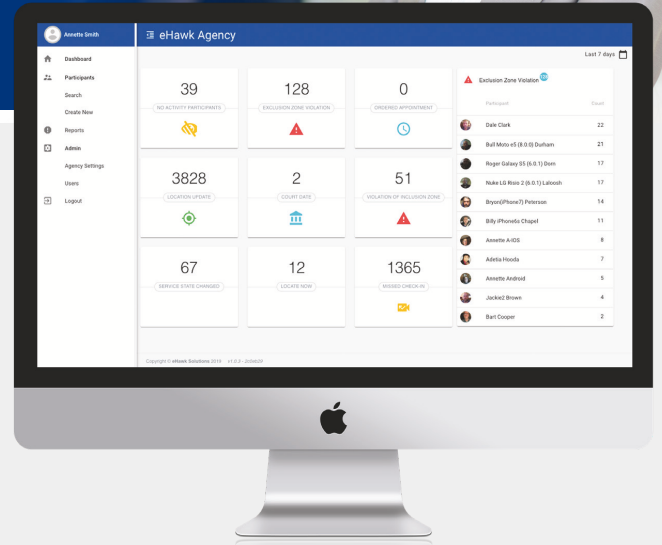

How?

It helps officers by:

- Providing better insight into client behavior
- Having an accountability tool to ensure participants are complying with terms
- Reducing and automating time intensive administrative functions
- Identifying and focusing limited resources on the most at-risk individuals
- Communicating messages to a mass audience quickly and easily

It helps participants by:

- Providing appointment reminders and directions
- Providing access to assistive services
- Receiving focused attention and help when most needed
- Assisting with compliance
- Creating less friction and less disruption to re-entry

Testimonials

"Thank you for making my job easier by providing an affordable, reliable, and convenient service that allows me to track the inmate's daily movements. It is a pleasure working with you and eHawk."

- Andrea Hutcherson - Community Corrections Program Director (AL)

"Repath has provided us with an inexpensive method of tracking our inmates while they are outside a secure facility working and supporting their families or receiving treatment. RePath has proven to be an integral part of our case management and client accountability."

- Cheryl Leatherwood - Special Programs Manager (AL)

"I simply would not have the ability to manage this large of a caseload as effectively without RePath."

- Melissa Giese - Pre-Trial Services Administrator (MO)
