Modern Identity for Education

Streamline IT Infrastructure and Enhance User Experience with Modern Identity Solutions

Higher education institutions shoulder the crucial responsibility of educating and nurturing our future leaders. This mission requires technology that safely connects and protects students, faculty, staff, and alumni. That's why Okta offers world-class Identity solutions tailored for colleges and universities.

The Okta Identity Cloud connects every user to any technology. It streamlines the management of cloud apps, custom apps, mobile apps, on-premises apps, laptops, desktops, and mobile devices.

From Single Sign-On (SSO), Privileged Access Management (PAM) to Advanced Server Access (ASA), including data governance, the Okta Identity Cloud supports the modernization of IT infrastructure, protects against data breaches, and reduces friction throughout institutions. In short, it's an Identity solution flexible enough to support all aspects of higher education.

Special Pricing for Higher Education

Across its product suite of workforce and student/alumni Identity solutions, Okta offers special pricing for higher education institutions. To learn more, contact our team.

Okta Company Overview

Okta is the World's Identity Company. We free everyone to safely use any technology — anywhere, on any device or app. Our Workforce and Customer Identity Clouds enable secure yet flexible access, authentication, and automation that transforms how people move through the digital world and puts Identity at the heart of business security and growth.

Unique Benefits to Okta's Modern Identity Solution Platform

- **Complete.** Okta is 100% focused on Identity, a one-stop solution that delivers the comprehensive set of modern IAM capabilities your institution needs. Built for today and the future, Okta is customizable and extensible to adapt to your evolving needs and integrates with Identity proofing partners for a complete online Identity verification solution.
- **Independent.** Okta is universal and platform-neutral, with more than 7,000 pre-built integrations in the Okta Integration Network. It follows industry standards for maximum interoperability.
- **Easy.** Okta delivers simple experiences for both end users and administrators. User registration and login are friction-free, and your team can easily deploy, manage, and integrate our capabilities into everything your institution uses.
- **Trusted.** Okta's service is built on trust with the highest priority on the security, integrity, and reliability of its modern Identity service.
