Atlassian@carahsoft.com or (833) 547-2468

The Atlassian Government Cloud Migration Promotion, available through the GSA OneGov initiative, helps federal agencies accelerate cloud modernization while reducing costs associated with migrating from Atlassian Data Center environments. The promotion provides discounted access to Jira, Confluence, and Service Collection on Atlassian Government Cloud Moderate, enabling agencies to improve collaboration, streamline service delivery, enhance operational efficiency, and support mission-critical objectives through a secure cloud platform.

Products offered as part of the promotion:

Products	Capabilities	Discount
Jira Confluence Service Collection	Jira- Issue tracking, agile project management, workflow automation, reporting and analytics, dashboards, and integration with Confluence and Service Collection. Supports agencies migrating from Data Center to cloud-native SaaS environments. Confluence-Enterprise collaboration, document and knowledge management, wiki repositories, real-time commenting, permissions management, and Jira-linked project documentation. Designed for secure agency-wide information sharing. Service Collection- IT service management (ITSM), service desk operations, incident management, problem management, change management, employee service portals, request fulfillment, and integration with Jira and Confluence.	Jira - 30% Confluence - 30% Service Collection - 20% Discount only applicable for customers migrating from Atlassian Data Center to Atlassian Government Cloud Moderate
