Simplified Billing with Carahsoft

Account Creation

Carahsoft will create all new accounts or assist with any account transfers when needed. Partners/Customers have the ability to create linked accounts at any time.

Billing Consolidation

Carahsoft is able to consolidate billing between multiple accounts.

Billing Cycles

AWS Bills on a monthly basis and all charges to accounts are typically finalized by the 15th of the following month. Carahsoft will provide a detailed billing report/invoice for all utilization straight from AWS Cost and Usage Reports (CUR).

Payment

Carahsoft accepts credit cards or purchase orders for payment. Partners must have a credit application on file in order to pay with a Purchase Order.
