A recent IDC study found that participating in Red Hat training courses can deliver a number of benefits, including:¹

-  A projected three-year return on investment (ROI) of 365%.
-  New hires may be ready for their jobs on an average of 76% faster.
-  59% faster to deploy IT resources on average.
-  44% higher DevOps team productivity on average.

“Just knowing the Red Hat systems, our employees feel more comfortable and confident [after] Red Hat training. They are less intimidated and thus do more. They get into the system more because they’re more confident. This boosts their productivity because they feel they can fix problems.”¹
