CHAINBRIDGE
SOLUTIONS

Innovating for a Safer and Smarter Tomorrow

At Chainbridge Solutions, we deliver mission-critical software and solutions that enhance security, modernize operations, and accelerate efficiency. As a trusted partner in federal contracting, we've supported key organizations across Defense, Intelligence, and Federal Civilian sectors - helping the government work smarter, faster, and more secure.

What We Do

Technology Transformation

Solutions that Transform How Agencies Work

Application Modernization

Modernizing legacy systems into high-performance applications designed for today's digital landscape.

Cloud Engineering

Leveraging advanced cloud technologies to streamline your path to a secure, scalable, and efficient digital future.

Data & Analytics

Engineering data systems for high performance and zero downtime.

Artificial Intelligence

Empowering federal agencies to operate more efficiently and responsively with AI-enabled solutions.

Workforce Security

Software and Services that Safeguard People

Personnel Security Software

Reducing time to fill, enabling federal compliance, and establishing a centralized system of record for case management.

- BRIDGESECURE
Built on ServiceNow
- PERSEC-IQ
Built on Tyler Application Platform
- Cloud-Native
Deployable Anywhere

Personnel Security Support Services

End-to-end support to strengthen personnel security programs while maintaining compliance and readiness.

Research & Innovation

Enhancing Mission Success with Leading-Edge Technologies

Research & Development

Chainbridge Innovation Group is our dedicated R&D division, integrating leading-edge technologies to advance customer missions.

Expert Guidance

Providing expert guidance to customers – offering technical expertise and insights on best practices.

Custom Solutions

Designing custom applications using open-source tools and cloud environments to meet specific mission objectives.
