WIRELESS EXPENSE AND LIFECYCLE MANAGEMENT

Mobility Help Desk

Relieve your IT staff from day-to-day device issues.

Our expert support team handles internal IT requests, end-user tickets, troubleshooting, and escalations, providing fast resolutions that free internal resources.

No waiting on hold to get someone on the phone or spending countless hours in ticket queues.

Mobile Device Inventory, Kitting & Deployment

From procurement and inventory to shipping, we configure, activate, and secure every device before it reaches your employees. Devices arrive ready to use with pre-installed apps, MDM profiles, and zero-touch delivery.

Complimentary Audit & Savings Guarantee

Start with a no-risk, no-obligation audit of your wireless environment. We analyze usage, rate plans, devices, user attribution, discounts, and costs to uncover actionable savings and operational improvements. We back it all up with a clear guarantee tying our fee to your savings.

HELPING I.T. TEAMS KEEP THEIR SANITY AND FINANCE STOP WASTING MONEY ON TELECOM

Because no one has enough time or money to manage mobility, **IntrateM** delivers complete mobility lifecycle management to alleviate the IT burden, reduce costs, and secure mobile end point data—without changing carriers, contracts, or devices.

Expense Reduction

Save up to **40% monthly** with proactive cost optimization. Our experts review and right size your wireless plans before billing closes, ensuring continuous savings without needing to switch providers.

Reporting & Analytics

Gain insight and control with customized reporting. Track expenses, usage trends, data consumption, and asset status to improve decision-making and enforce accountability. If it's not final and ready to use, it's not a report—and we didn't do our job.

Mobile Security

Protect your enterprise with layered security. We help implement MDM/UEM platforms, enforce compliance, detect fraud, and lock down corporate data across personal and company-owned devices.

End-of-Life Recovery & Recycling

Maximize device value and minimize environmental impact. **IntrateM** securely wipes and recovers decommissioned devices, provides fair market value assessments, and facilitates certified recycling—helping companies meet ESG goals while reducing risk.
