

Q&A Transcript - Webinar 8 - *Elevating Engagement with Breakout Rooms*

Q&A Transcript – Webinar 8 – *Elevating Engagement with Breakout Rooms*

Question: What is the maximum size of a breakout room in Adobe? What is the best practice size?

Answer: 20 breakouts max with a limit of 200 attendees....however I would keep your breakouts smaller and more intimate for a better training experience

Question: Is the screen sharing better (uses less bandwidth) in the BO rooms?

Answer: Uploading documents to the connect room would use less bandwidth then screen sharing

Question: If there's an uneven number, how will that extra person get distributed?

Answer: One of the breakout rooms would be smaller in this case.

Question: Can the participants in a breakout room all make notes on the note pod at the same time?

Answer: Yes - but there's only one cursor, so they'll need to take turns or nominate a note taker
