

TO SUCCEED WITH SOFTWARE, you need a knowledgeable team and a learning solution that is quick, effective, and prescriptive. Red Hat® Learning Subscription provides easy, on-demand access to quickly learn Red Hat technologies.

Key subscription benefits:

Early access

Explore in-development technology before it is officially released.

Cloud-based labs

Access the same labs as in the classroom, delivered 24/7 on six continents.

Extensive curriculum

Train at your own pace with availability of our entire course portfolio.

Certification testing

Validate your skills through performance-based exams via the Standard tier.

Customize your learning experience by choosing your subscription tier:

BASIC

STANDARD

DEVELOPER

AVAILABLE FOR PURCHASE:

By individual

For the enterprise

Get a 7-day free trial

Take advantage of a free trial to get a preview of the portal and lab environments. Start learning with access to a chapter of every course in the catalog, including early access and video classroom courses.

7 DAYS | 50+ CHAPTERS | 1 CLOUD-BASED LAB HOUR

RED HAT LEARNING SUBSCRIPTION

Get on-demand access to learn
Red Hat technologies

24/7 access globally

Globally available

Self-paced

E-books for offline use

Access content continuously updated by experts

42% of the content in the subscription
didn't exist a year ago.

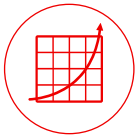

Validate your skills with Red Hat technologies

Prepare for Red Hat Certification with
content straight from the source.

Keep pace with change

Technology is always evolving. Get annual
access to content from across the portfolio
to keep pace as challenges arise.

Maximize your Red Hat investment

According to a recent IDC study, adding just
1.5% of project budget to training can move
the success rate from 50% to 80%.¹

TAKE TEAMS FURTHER, FASTER

**"It used to take 30 days per service to develop
applications, but it now takes 20 days per service."¹**

"With current solutions, delivered
after taking Red Hat Training, we
are still at zero unplanned downtime,
after more than two years."¹

"The change we have experienced
with Red Hat Training is the
ability to go from 2 months to
3 minutes on a platform build."¹
