Getting started with Dragon® Medical One has never been easier.

Immediate 99% accuracy
Achieve high-quality documentation with immediate 99% accuracy, enabling a heightened user experience without disrupting your practice.

Cloud-based flexibility
A cloud-based speech solution allows clinicians to document whenever and wherever you are.

No-voice profile training
No voice-profile training, and built-in advanced accent detection saves time for clinicians.

200+ EHR integrations
Streamline workflow and documentation with convenient shortcuts and easier access to specialized information.

"We chose Dragon Medical One for its ongoing improvements in speed, accuracy, and accent detection. It worked right away; there's no need to complete any training texts as you do for other solutions. I have a slight German accent, and I have colleagues with much stronger accents, and Dragon Medical One works perfectly. It has amazing speech recognition capabilities."

-Dennis Dey, MD, Proactive Pain and Neurology

Meet Dragon Medical One

Conquer the clicks with advanced speech recognition that delivers a more productive, personalized documentation experience before, during, and after the patient visit.

2 hrs	54%	+1
Up to 2 hours freed per clinician per shift to spend with patients	Optimized clinicians are up to 54% more productive	Pays for itself by giving you time to see one additional patient per week.*

*Based on documentation time savings conducted from a Nuance customer survey.
