

## Adobe JELA II BPA On-Demand Training Portal

Adobe Digital Learning Services added new content to the on-demand training site specific for use to Department of Defense Adobe users under the Joint Enterprise License Agreement (JELA-II). The training library offers videos and job aids accessible through your personalized dashboard. These resources will empower you to gain in-depth knowledge on Adobe Experience Manager Forms, Adobe Acrobat, and Adobe Creative Cloud Single Applications including Illustrator, InDesign, Premiere Pro, After Effects, and Dreamweaver.

### **Registration Info:**

1. To get started, click the following link and complete the instructions to register:
2. <https://captivateprime.adobe.com/eplogin?groupid=2586&accesskey=dod8s794req33>.
3. **Important: Please do not forward the registration link as it is unique to your organization and contains your login information.**
4. Create an Adobe ID
5. Note: do not use the general "JELA Deployments" Adobe ID provided by Carahsoft. You need to create a unique login with your specific email.
6. If you already have an existing Adobe ID with your specific work email please feel free to use this, no need to create a new one.
7. Once you have signed in, navigate to Catalog to see all available content
8. Click "Enroll" on the top right when you'd like to take a course. This moves the course from the Catalog tab to the Learning tab
9. Bookmark this link to access the content going forward:  
<https://captivateprime.adobe.com/adobettraining>
10. For any questions or additional assistance please reach out to [AdobeJELATraining@carahsoft.com](mailto:AdobeJELATraining@carahsoft.com).
