Software Terms and Conditions

The following terms and conditions apply to all vendors proposing software and related services under Schedule 36, Solicitation 3FNJ-C1-000001-B. Once approved by the MAS Contracting Officer, the negotiated terms should be incorporated into the contractor's published GSA catalog. Note that these terms and conditions may be further negotiated at the order level by the ordering agency Contracting Officer.

1. INSPECTION/ACCEPTANCE

The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The ordering activity reserves the right to inspect or test any software that has been tendered for acceptance. The ordering activity may require repair or replacement of nonconforming software at no increase in contract price. The ordering activity must exercise its post-acceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the software, unless the change is due to the defect in the software.

2. ENTERPRISE USER LICENSE AGREEMENTS REQUIREMENTS (EULA)

The Contractor shall provide all Enterprise User License Agreements in an editable Microsoft Office (Word) format.

3. GUARANTEE/WARRANTY

- a. Unless specified otherwise in this contract, the Contractor's standard commercial guarantee/warranty as stated in the contract's commercial pricelist will apply to this contract.

Please Refer to GSAADVANTAGE! For Specific Information Regarding Warranty

- b. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract. If no implied warranties are given, an express warranty of at least 60 days must be given in accordance with FAR 12.404(b)(2)
- c. Limitation of Liability. Except as otherwise provided by an express or implied warranty, the Contractor will not be liable to the ordering activity for consequential damages resulting from any defect or deficiencies in accepted items.

4. TECHNICAL SERVICES

The Contractor, without additional charge to the ordering activity, shall provide a hot line technical support number 888-662-2724 for the purpose of providing user assistance and guidance in the implementation of the software. The technical support number is available from 8 AM Eastern Time to 5 PM Eastern Time.

5. SOFTWARE MAINTENANCE

- a. Software maintenance as it is defined:

Software Maintenance as a Product

Software maintenance as a product includes the publishing of bug/defect fixes via patches and updates/upgrades in function and technology to maintain the operability and usability of the software product. It may also include other no charge support that is included in the purchase price of the product in the commercial marketplace. No charge support includes items such as user blogs, discussion forums, on-line help libraries and FAQs (Frequently Asked Questions), hosted chat rooms, and limited telephone, email and/or web-based general technical support for user's self-diagnostics.

Software maintenance as a product does NOT include the creation, design, implementation, integration, etc. of a software package. These examples are considered software maintenance as a service.

Software Maintenance as a product is billed at the time of purchase.

Software Maintenance as a service

Software maintenance as a service creates, designs, implements, and/or integrates customized changes to software that solve one or more problems and is not included with the price of the software. Software maintenance as a service includes person-to-person communications regardless of the medium used to communicate: telephone support, on-line technical support, customized support, and/or technical expertise which are charged commercially. Software maintenance as a service is billed arrears in accordance with 31U.S.C. 3324.

Software maintenance as a service is billed in arrears in accordance with 31 U.S.C. 3324.

- b. Invoices for maintenance service should be submitted to the ordering agency on a quarterly or monthly basis (or as otherwise specified by the ordering activity), after the completion of such period. Maintenance charges must be paid in arrears (31 U.S.C. 3324). PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.

6. PERIODS OF TERM LICENSES AND SOFTWARE MAINTENANCE

- a. The Contractor shall honor orders for periods for the duration of the contract period or a lesser period of time.
- b. Term licenses and/or maintenance may be discontinued by the ordering activity on thirty (30) calendar days written notice to the Contractor.
- c. Annual Funding. When annually appropriated funds are cited on an order for term licenses and/or maintenance, the period of the term licenses and/or maintenance shall

automatically expire on September 30 of the contract period, or at the end of the contract period, whichever occurs first. Renewal of the term licenses and/or maintenance orders citing the new appropriation shall be required, if the term licenses and/or maintenance is to be continued during any remainder of the contract period.

- d. Cross-Year Funding Within Contract Period. Where an ordering activity's specific appropriation authority provides for funds in excess of a 12 month (fiscal year) period, the ordering activity may place an order under this schedule contract for a period up to the expiration of the contract period, notwithstanding the intervening fiscal years.
- e. Ordering activities should notify the Contractor in writing thirty (30) calendar days prior to the expiration of an order, if the term licenses and/or maintenance is to be terminated at that time. Orders for the continuation of term licenses and/or maintenance will be required if the term licenses and/or maintenance is to be continued during the subsequent period.

Note: The phrase, "Term Licenses and/or Maintenance" in the preceding paragraphs may need to be revised in order to be consistent with the Offeror's proposal; e.g., if only software maintenance is offered, all references to "term licenses" should be deleted from the preceding paragraphs.

7. CONVERSION FROM TERM LICENSE TO PERPETUAL LICENSE

- a. The ordering activity may convert term licenses to perpetual licenses for any or all software at any time following acceptance of software. At the request of the ordering activity the Contractor shall furnish, within ten (10) calendar days (or as otherwise specified by the ordering activity), for each software product that is contemplated for conversion, the total amount of conversion credits which have accrued while the software was on a term license and the date of the last update or enhancement.
- b. Conversion credits which are provided shall, within the limits specified, continue to accrue from one contract period to the next, provided the software remains on a term license within the ordering activity.
- c. The term license for each software product shall be discontinued on the day immediately preceding the effective date of conversion from a term license to a perpetual license.
- d. The price the ordering activity shall pay will be the perpetual license price that prevailed at the time such software was initially ordered under a term license, or the perpetual license price prevailing at the time of conversion from a term license to a perpetual license, whichever is the less, minus an amount equal to N/A % of all term license payments during the period that the software was under a term license within the ordering activity.

8. TERM LICENSE CESSATION

- a. After a software product has been on a continuous term license for a period of N/A months, a fully paid-up, non-exclusive, perpetual license for the software product shall automatically accrue to the ordering activity. The period of continuous term license for automatic accrual

of a fully paid-up perpetual license does not have to be achieved during a particular fiscal year; it is a written Contractor commitment which continues to be available for software that is initially ordered under this contract, until a fully paid-up perpetual license accrues to the ordering activity. However, should the term license of the software be discontinued before the specified period of the continuous term license has been satisfied, the perpetual license accrual shall be forfeited.

Note: Each separately priced software product shall be individually enumerated, if different accrual periods apply for the purpose of perpetual license attainment.

- b. The Contractor agrees to provide updates and maintenance service for the software after a perpetual license has accrued, at the MAS-awarded terms and conditions, if the licensee elects to order such services. Title to the software shall remain with the Contractor.

9. UTILIZATION LIMITATIONS

- a. Software acquisition is limited to commercial computer software defined in FAR Part 2.101.
- b. When acquired by the ordering activity, commercial computer software and related documentation so legend shall be subject to the following:
 - (1) Title to and ownership of the software and documentation shall remain with the Contractor, unless otherwise specified.
 - (2) Software licenses are by site and by ordering activity. An ordering activity is defined as a cabinet level or independent ordering activity. The software may be used by any subdivision of the ordering activity (service, bureau, division, command, etc.) that has access to the site the software is placed at, even if the subdivision did not participate in the acquisition of the software. Further, the software may be used on a sharing basis where multiple agencies have joint projects that can be satisfied by the use of the software placed at one ordering activity's site. This would allow other agencies access to one ordering activity's database. For ordering activity public domain databases, user agencies and third parties may use the computer program to enter, retrieve, analyze and present data. The user ordering activity will take appropriate action by instruction, agreement, or otherwise, to protect the Contractor's proprietary property with any third parties that are permitted access to the computer programs and documentation in connection with the user ordering activity's permitted use of the computer programs and documentation. For purposes of this section, all such permitted third parties shall be deemed agents of the user ordering activity.
 - (3) Except as is provided in paragraph 9.b.(2) above, the ordering activity shall not provide or otherwise make available the software or documentation, or any portion thereof, in any form, to any third party without the prior written approval of the Contractor. Third parties do not include prime Contractors, subcontractors and agents of the ordering activity who have the ordering activity's permission to use the

licensed software and documentation at the facility, and who have agreed to use the licensed software and documentation only in accordance with these restrictions. This provision does not limit the right of the ordering activity to use software, documentation, or information therein, which the ordering activity may already have or obtains without restrictions.

- (4) The ordering activity shall have the right to use the computer software and documentation with the computer for which it is acquired at any other facility to which that computer may be transferred, or in cases of Disaster Recovery, the ordering activity has the right to transfer the software to another site if the ordering activity site for which it is acquired is deemed to be unsafe for ordering activity personnel; to use the computer software and documentation with a backup computer when the primary computer is inoperative; to copy computer programs for safekeeping (archives) or backup purposes; to transfer a copy of the software to another site for purposes of benchmarking new hardware and/or software; and to modify the software and documentation or combine it with other software, provided that the unmodified portions shall remain subject to these restrictions.
- (5) "Commercial Computer Software" may be marked with the Contractor's standard commercial restricted rights legend, but the schedule contract and schedule pricelist, including this clause, "Utilization Limitations" are the only governing terms and conditions, and shall take precedence and supersede any different or additional terms and conditions included in the standard commercial legend.

10. SOFTWARE CONVERSIONS:

Full monetary credit will be allowed to the ordering activity when conversion from one version of the software to another is made as the result of a change in operating system, or from one computer system to another. Under a perpetual license, the purchase price of the new software shall be reduced by the amount that was paid to purchase the earlier version. Under a term license, conversion credits which accrued while the earlier version was under a term license shall carry forward and remain available as conversion credits which may be applied towards the perpetual license price of the new version.

11. DESCRIPTIONS AND EQUIPMENT COMPATIBILITY

The Contractor shall include, in the schedule pricelist, a complete description of each software product and a list of equipment on which the software can be used. Also, included shall be a brief, introductory explanation of the modules and documentation which are offered.

12. RIGHT-TO-COPY PRICING

The Contractor shall propose pricing for right-to-copy licenses.

Carahsoft Rider to Manufacturer Commercial Supplier Agreements (for U.S. Government End Users)

Revised 20161213

1. Scope. This Carahsoft Rider and the Manufacturer's Commercial Supplier Agreement (CSA) establish the terms and conditions enabling Carahsoft to provide Software and Services to U.S. Government agencies (the "Client" or "Licensee").

2. Applicability. The terms and conditions in the attached Manufacturer's CSA are hereby incorporated by reference to the extent that they are consistent with Federal Law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341(a) (1) (B)), the Contracts Disputes Act of 1978 (41 U.S.C. § 601-613), the Prompt Payment Act, the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 § U.S.C. 15), 28 U.S.C. § 516 (Conduct of Litigation Reserved to Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent the terms and conditions in the Manufacturer's CSA is inconsistent with the Federal Law (*See* FAR 12.212(a)), they shall be deemed deleted and unenforceable under any resultant orders under Carahsoft's Multiple Award Schedule Contract, GS-35F-0119Y, including, but not limited to the following:

(a) Contracting Parties. The Government customer (Licensee) is the "Ordering Activity", defined as an entity authorized to order under Government contracts as set forth in General Services Administration Order OGP 4800.2I, as may be revised from time to time. The Licensee cannot be an individual because any implication of individual licensing triggers the requirements for legal review by Federal Employee unions. Conversely, because of competition rules, the contractor must be defined as a single entity even if the contractor is part of a corporate group. The Government cannot contract with the group, or in the alternative with a set of contracting parties.

(b) Changes to Work and Delays. Subject to General Services Administration Acquisition Regulation (GSAR) 552.238-81 Modifications (Federal Supply Schedule) (APR 2014) (Alternate I – APR 2014) and GSAR 552.212 -4 (f) Contract Terms and Conditions – Commercial Items, Excusable Delays (MAY 2015) (Alternate II – JUL 2009) (FAR Deviation – JUL 2015) (Tailored) regarding which of the GSAR and the FAR provisions shall take precedence.

(c) Contract Formation. Subject to FAR Sections 1.601(a) and 43.102, the Government Order must be signed by a duly warranted contracting officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

(d) Audit. During the term of this CSA: (a) If Ordering Activity's security requirements included in the Order are met, Manufacturer or its designated agent may audit Ordering Activity's facilities and records to verify Ordering Activity's compliance with this CSA. Any such audit will take place only during Ordering Activity's normal business hours contingent upon prior written notice and adherence to any security measures the Ordering Activity deems appropriate, including any requirements for personnel to be cleared prior to accessing sensitive facilities. Carahsoft on behalf of the Manufacturer will give Ordering Activity written notice of any non-compliance, including the number of underreported Units of Software or Services ("Notice"); or (b) If Ordering Activity's security requirements are not met and upon Manufacturer's request, Ordering Activity will run a self-assessment with tools provided by and at the direction of Manufacturer ("Self-Assessment") to verify Ordering Activity's compliance with this CSA.

(e) Termination. Clauses in the Manufacturer's CSA referencing suspension, termination or cancellation of the Manufacturer's CSA, the License, or the Customer's Account are hereby deemed to be deleted. Termination, suspension or cancellation shall be governed by the GSAR 552.212-4 and the Contract Disputes Act, 41 U.S.C. §§ 601-613, subject to the following exceptions:

Carahsoft may request cancellation or termination of the CSA on behalf of the Manufacturer if such remedy is granted to it after conclusion of the Contracts Disputes Act dispute resolutions process referenced in Section (q) below or if such remedy is otherwise ordered by a United States Federal Court.

(f) Consent to Government Law / Consent to Jurisdiction. Subject to the Contracts Disputes Act of 1978 (41 U.S.C §§ 7101-7109) and Federal Tort Claims Act (28 U.S.C. §1346(b)). The validity, interpretation and enforcement of this Rider and the CSA will be governed by and construed in accordance with the laws of the United States. All clauses in the Manufacturer's CSA referencing equitable remedies are deemed not applicable to the Government order and are therefore deemed to be deleted.

(g) Force Majeure. Subject to GSAR 552.212 -4 (f) Contract Terms and Conditions – Commercial Items, Excusable Delays (MAY 2015) (Alternate II – JUL 2009) (FAR Deviation – JUL 2015) (Tailored). Unilateral Termination by the Contractor does not apply to a Government order and all clauses in the Manufacturer's CSA referencing unilateral termination rights of the Manufacturer's CSA are hereby deemed to be deleted.

(h) Assignment. All clauses regarding Assignment are subject to FAR Clause 52.232-23, Assignment of Claims (MAY 2014) and FAR 42.12 Novation and Change-of-Name Agreements, and all clauses governing Assignment in the Manufacturer's CSA are hereby deemed to be deleted.

(i) Waiver of Jury Trial. All clauses referencing waiver of Jury Trial are subject to FAR Clause 52.233-1, Disputes (MAY 2014), and all clauses governing waiver of jury trial in the Manufacturer's CSA are hereby deemed to be deleted.

(j) Customer Indemnities. All of the Manufacturer's CSA clauses referencing Customer Indemnities are hereby deemed to be deleted.

(k) Contractor Indemnities. All of the Manufacturer's CSA clauses that (1) violate DOJ's right (28 U.S.C. 516) to represent the Government in any case and/or (2) require that the Government give sole control over the litigation and/or settlement, are hereby deemed to be deleted.

(l) Renewals. All of the Manufacturer's CSA clauses that violate the Anti-Deficiency Act (31 U.S.C. 1341, 41 U.S.C. 11) ban on automatic renewal are hereby deemed to be deleted.

(m) Future Fees or Penalties. All of the Manufacturer's CSA clauses that violate the Anti-Deficiency Act (31 U.S.C. 1341, 41 U.S.C. 11), which prohibits the Government from paying any fees or penalties beyond the Contract amount, unless specifically authorized by existing statutes, such as the Prompt Payment Act, or Equal Access To Justice Act 31 U.S.C. 3901, 5 U.S.C. 504 are hereby deemed to be deleted.

(n) Taxes. Taxes are subject to GSAR 552.212-4(k) Contract Terms and Conditions – Commercial Items, Taxes (MAY 2015) (Alternate II – JUL 2009) (FAR Deviation – JUL 2015) (Tailored) and GSAR 552.212-4 (w) (1) (x) Contract Terms and Conditions – Commercial Items, Taxes (MAY 2015) (Alternate II – JUL 2009) (FAR Deviation – JUL 2015) (Tailored).

(o) Third Party Terms. Subject to the actual language agreed to in the Order by the Contracting Officer. Any third party manufacturer will be brought into the negotiation, or the components acquired separately under Federally-compatible agreements, if any. Contractor indemnities do not constitute effective migration.

(p) Installation and Use of the Software. Installation and use of the software shall be in accordance with the Rider and Manufacturer's CSA, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid task order placed pursuant to the Government contract.

(q) Dispute Resolution and Venue. Any disputes relating to the Manufacturer's CSA and to this Rider shall be resolved in accordance with the FAR, the GSAR and the Contract Disputes Act, 41 U.S.C. §§ 7101-7109. See GSAR 552.212-4 (w) (1) (iii) Contract Terms and Conditions – Commercial Items, Law and Disputes (MAY 2015) (Alternate II – JUL 2009) (FAR Deviation – JUL 2015) (Tailored). The Ordering Activity expressly acknowledges that Carahsoft, as the vendor selling the Manufacturer's licensed software, shall have standing under the Contract Disputes Act to bring such claims that arise out of licensing terms incorporated into Multiple Award Schedule Contract GS-35F-0119Y.

(r) Limitation of Liability: Subject to the following:

Carahsoft, Manufacturer and Ordering Activity shall not be liable for any indirect, incidental, special, or consequential damages, or any loss of profits, revenue, data, or data use. Further, Carahsoft, Manufacturer and Ordering Activity shall not be liable for punitive damages except to the extent this limitation is prohibited by applicable law. This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to this Government Contract under any federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733.

(s) Advertisements and Endorsements. Unless specifically authorized by an Ordering Activity in writing, such use of the name or logo of any U.S. Government entity is prohibited.

(t) Public Access to Information. Manufacturer agrees that the CSA and this Rider contain no confidential or proprietary information and acknowledges the CSA and this Rider will be available to the public.

(u) Confidentiality. Any provisions that require the Licensee to keep certain information confidential are subject to the Freedom of Information Act, 5 U.S.C. §552, and any order by a United States Federal Court. The Licensee may provide information to other components of the United States Government pursuant to proper requests for such information as permitted by law, regulation or policy (e.g., disclosures to Congress, auditors, Inspectors General, etc.).

Customer may initiate electronic Support requests through Proofpoint's web-based call submission and tracking system ("CTS") at any time. Support request submitted via CTS will be addressed by Proofpoint during the Support hours listed above. Customer will promptly identify two internal resources who are knowledgeable about Customer's operating environment and operation of the Proofpoint Products (collectively, "Named Support Contacts"). Named Support Contacts will serve as primary contacts between Customer and Proofpoint and are the only persons authorized to interact with Proofpoint Technical Support, including accessing CTS to submit and track cases. All Support requests will be tracked in CTS and Customer can view the status of Customer's cases on CTS at any time.

1.4 Platinum Support. In addition to the Bronze support services defined above, for an additional charge, Customer shall receive (i) two additional Named Support Contacts (for a total of four) and Proofpoint shall provide assistance for Priority I errors, as reasonably determined by Proofpoint, 24x7, 365 days per year; and (ii) a dedicated phone line for submitting cases. Handling of non-Priority I errors will take place during the support hours specified in Section 1.3 above.

1.7 Named Support Contact Training. In order to receive support in accordance with the foregoing, within ninety days of the Effective Date, all Named Support Contacts must take and pass exam(s), as applicable and available, to become an "Accredited Engineer" for each Proofpoint Product licensed by Customer. If any Named Support Contact fails to pass the exam, Proofpoint may reasonably request that such Named Support Contact be replaced by Customer. Failure to pass the applicable exam(s) may result in limited access to CTS.

2. Priority Levels of Errors and Responses

In the performance of Support services, Proofpoint will apply the following priority ratings.

2.1 Priority I Errors.

A "Priority I Error" means a Software program error which both (i) prevents some critical function or process from substantially meeting the Documentation and (ii) seriously degrades the overall performance of such function or process such that no useful work can be done and/or some primary major function of the Software or Appliance is disabled. Priority I Errors shall receive an initial response within one (1) hour (during standard Support hours referenced above), of the case being submitted to Proofpoint. In addressing a Priority I Error, Proofpoint shall use all reasonable efforts to develop suitable workaround, patch, or other temporary correction to restore operation as soon as possible. Proofpoint efforts to resolve a Priority 1 Error will include the following: (1) assigning one or more senior Proofpoint engineers on a dedicated basis to develop suitable workaround, patch, or other temporary correction; (2) notifying senior Proofpoint management that such P1 Error has been reported; (3) providing Customer with periodic reports on the status of corrections; and (4) providing a final solution to Customer as soon as it is available.

2.2 Priority II Errors.

A "Priority II Error" means a Software program error which both (i) degrades some critical function or process from substantially meeting the Documentation and (ii) degrades the overall performance of such function or process such that useful work is hindered and/or some major function of the Software or Appliance is not operating as expected but can be worked-around. Priority II Errors shall receive an initial response within four (4) hours (during standard Support hours referenced above). Proofpoint shall use all reasonable efforts to provide a workaround, patch, or other temporary correction as soon as possible.

2.3 Priority III Errors. Description: A "Priority III Error" means a Software program error which both (i) prevents some non-essential function or process from substantially meeting the Documentation and (ii) significantly degrades the overall performance of the Software or Appliance. Priority III Errors shall receive an initial response within eight (8) hours (during standard Support hours referenced above). Proofpoint shall use all reasonable efforts to provide a workaround, patch, or other temporary correction as soon as possible.

2.4 Priority IV Errors.

A "Priority IV Error" means a Software program error which prevents some function or process from substantially meeting the Documentation but does not significantly degrade the overall performance of the Software or Appliance. Priority IV Errors shall receive an initial response within sixteen (16) hours (during standard Support hours referenced above). Proofpoint shall use all reasonable efforts to include a workaround, patch, or other temporary correction in the next Software update.

3 Customer Cooperation.

Proofpoint's obligation to provide Support services is conditioned upon the following: (i) Customer's reasonable effort to resolve the problem after communication with Proofpoint; (ii) Customer's provision to Proofpoint of sufficient information and resources to correct the problem, including, without limitation, remote access as further discussed in these policies, (iii) Customer's prompt installation of all Software maintenance releases, bug fixes and/or work-around supplied by Proofpoint, and (iv) Customer's procurement and installation and maintenance of all hardware necessary to operate the Software. As related to Priority I Errors, Customer shall provide continuous access to appropriate Customer personnel and the Appliance (if applicable) during Proofpoint's response related to the Priority I Error or Proofpoint shall be permitted to change the Priority of the error. During the term of the Support services and for purposes relating to providing Support to Customer, Proofpoint may obtain information regarding Customer's e-mail communications and Customer agrees that Proofpoint may use any statistical data generated relating to Customer's e-mail. Notwithstanding the foregoing, Proofpoint shall not disclose the source and content of any such e-mail.

4. Reproducing Problems; Remote Access.

Subject to the applicable Support services fees, Support services assistance is limited to Software on platforms that are fully supported, running unaltered on the proper hardware configuration. Where applicable for a reported error, Proofpoint will use commercially reasonable efforts to reproduce the problem so that the results can be analyzed. Proofpoint's obligation to provide the Support services described herein, including without limitation meeting the response times set forth in Section 2 above, is subject to Customer providing shell or Web-based remote access to Customer's computer system(s) and network. Any such remote access by Proofpoint shall be subject to Proofpoint's compliance with Customer's security and anti-virus procedures and the confidentiality requirements set forth in the license agreement between Proofpoint and Customer. Any delay occasioned by Customer's failure to provide the foregoing remote access shall extend the response

time periods set forth in Section 2 accordingly and resolution of the problem may be subject to payment of additional fees. Prior to proceeding with work that will be subject to additional fees, Proofpoint will notify Customer and will not start such work until Proofpoint receives authorization from Customer. If Customer fails to provide remote access to its computer system(s) and network and Proofpoint and Proofpoint and Customer cannot agree on a mutually satisfactory alternative method of reproducing the problem, Proofpoint shall not be obligated to resolve the problem.

5. Support Services Conditions.

5.1 Support Issues Not Attributable to Proofpoint. Proofpoint is not obligated to provide Support services for problems related to: (i) unauthorized modifications and/or alterations of the Software, (ii) improper installation of the Software by non-Proofpoint personnel, use of the Software on a platform or hardware configuration other than those specified in the Documentation or in manner not specified in the Documentation, or (iii) problems caused by the Customer's negligence, hardware malfunction, or third-party software. In the event Proofpoint provides Support services for problems caused by any of the above, Customer will reimburse Proofpoint for such services at the then-current time and materials rate. Proofpoint shall be entitled to discontinue Support services in the event of Customer's non-payment of Subscription Fees when due.

5.2 Exclusions from Support services.

The following items are excluded from Support services:

(a) In-depth training. If the Support request is deemed to be training in nature, and will require an extended amount of time, Customer will be referred to Proofpoint's training or consulting departments.

(b). Assistance in the customization of the application. Support services do not include providing assistance in developing, debugging, testing or any other application customization

(c). Information and assistance on third party products. Issues related to the installation, administration, and use of enabling technologies such as databases, computer networks, and communications (except an Appliance) are not provided under Proofpoint Support services.

(d) Assistance in the identification of defects in user environment. If Proofpoint concludes that a problem being reported by a Customer is due to defects in Customer's environment, Proofpoint will notify the Customer. Additional support by Proofpoint personnel to remedy performance issues due to the user environment are categorized as consulting services, which are provided for an additional fee.

(e). Installation. Support Services provided herein do not include the use of Proofpoint Support services resources to perform installation of updates or Customer-specific fixes.

If Customer wishes to have Proofpoint perform services related to any of the above items, such services will be performed pursuant to a mutually executed SOW.

6. Description of Appliance Support Services.

Markforged has the right (but not the obligation) to monitor and audit Customer’s (and the Authorized Users’) usage of the Markforged Technology, including Usage Records, to verify compliance with this Agreement, and to investigate and/or take appropriate action permitted by federal law against Customer in Markforged’s sole and absolute discretion if Customer demonstrates an intent to violate, violate or appear to violate the Acceptable Use Policy or any other provision of this Agreement. Further, such inspection shall be contingent upon adherence to Customer’s security requirements, including any requirement for personnel to be cleared prior to accessing sensitive facilities. MAS Contractor, on behalf of Markforged shall give Customer notice of any requested audit. If Customer’s security requirements are not met, then upon Markforged’s request, Customer will run a self-assessment with tools provided by, and at the direction of Markforged to verify Customer’s compliance with the terms of this Agreement. 7.3 Action in Response to Potential Infringement. If the Markforged Technology becomes, or in Markforged's reasonable opinion is likely to become, the subject of an infringement or misappropriation Claim, or if use of the Markforged Technology is permanently enjoined for any reason, Markforged, at its option and expense, may (a) replace or modify the applicable Markforged Technology so as to make it non-infringing so long as the modified Markforged Technology perform materially the same functions in a non-infringing manner; (b) procure the right for Customer to continue to use the applicable Markforged Technology as contemplated herein; (c) substitute an equivalent for the applicable Markforged Technology; or (d) if options (a)-(c) are not reasonably practicable, terminate this Agreement and Markforged will reimburse Customer within thirty (30) days for a pro rata portion of the purchase price paid by Customer for any affected Markforged 3D Printers and unused Materials based on straight-line depreciation over a thirty-six (36) month period following the delivery date of such 3D Printers and Materials. This Section 7 states Markforged's entire liability to Customer as to infringement and misappropriation claims and Customer sole remedy for any infringement or misappropriation claims concerning the Markforged Technology.

7.4 Indemnification Procedure. If a User Indemnified Party or a Customer Indemnified Party (each, an "**Indemnified Party**") becomes aware of any matter it believes it should be indemnified for under Section 7.1 or Section 7.2, as applicable, involving any Claim, action, suit, investigation, arbitration or other proceeding against the Indemnified Party by any third party (each an "**Action**"), the Indemnified Party will give the other party (the "**Indemnifying Party**") prompt written notice of such Action. The Indemnified Party will cooperate, at the expense of the Indemnifying Party, with the Indemnifying Party and its counsel in the defense and the Indemnified Party will have the right to participate fully, at its own expense, in the defense of such Action with counsel of its own choosing. Any compromise or settlement of an Action will require the prior written consent of both Parties hereunder, such consent not to be unreasonably withheld or delayed.

8. DISCLAIMERS; LIMITATION OF LIABILITY

8.1 Disclaimers. Markforged offers a limited warranty with respect to the Products, solely as set forth in the Product Ts&Cs. EXCEPT FOR THE LIMITED WARRANTY SET FORTH THEREIN, AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE MARKFORGED TECHNOLOGY IS PROVIDED ON AN "AS IS" BASIS AND NEITHER MARKFORGED NOR ITS SUPPLIERS MAKE ANY WARRANTIES, REPRESENTATIONS, OR CONDITIONS OF ANY KIND, EXPRESS OR IMPLIED (INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT OR TITLE, OR WARRANTIES OTHERWISE IMPLIED BY STATUTE OR FROM A COURSE OF DEALING OR USAGE OF TRADE). WITHOUT LIMITING THE FOREGOING, MARKFORGED DOES NOT WARRANT (A) THAT THE CLOUD SERVICE WILL BE UNINTERRUPTED, TIMELY, ERROR-FREE, SECURE, ACCURATE, RELIABLE, OR COMPLETE, WHETHER OR NOT UNDER SUBSCRIPTION OR SUPPORT BY MARKFORGED OR ANY THIRD PARTY OR (B) THAT THE MARKFORGED TECHNOLOGY WILL MEET CUSTOMER'S REQUIREMENTS OR EXPECTATIONS.

8.2 Limitation of Liability. TO THE MAXIMUM EXTENT ALLOWED BY APPLICABLE LAW AND NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED REMEDY OR LIMITATION OF LIABILITY, (A) IN NO EVENT WILL EITHER PARTY OR ANY OF ITS SUPPLIERS BE LIABLE FOR SPECIAL, PUNITIVE, EXEMPLARY, INDIRECT, CONSEQUENTIAL, OR ANY OTHER DAMAGES OF LIKE KIND WHATSOEVER ARISING OUT OF OR RELATED TO THIS AGREEMENT OR THE MARKFORGED TECHNOLOGY (HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY, WHETHER DERIVED FROM CONTRACT, TORT (INCLUDING WITHOUT LIMITATION

NEGLIGENCE) OR OTHERWISE), INCLUDING WITHOUT LIMITATION LOSS OF PROFITS, LOSS OF REVENUE, LOSS OF USE, LOSS OF OR DAMAGE TO DATA, BUSINESS INTERRUPTION, LOSS OF OR DAMAGE TO REPUTATION OR GOODWILL, COST OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES OR OTHER COVER, OR ANY OTHER SIMILAR COMMERCIAL OR ECONOMIC LOSS OF ANY KIND, EVEN IF ADVISED OF THE POSSIBILITY THEREOF, NOR WILL ANY OF THE FOREGOING PARTIES BE LIABLE FOR ANY DAMAGES WHATSOEVER RESULTING FROM A FORCE MAJEURE EVENT OR ANY ACT OF A THIRD PARTY; AND (B) THE TOTAL CUMULATIVE COLLECTIVE LIABILITY OF EACH PARTY AND EACH OF ITS SUPPLIERS FOR ALL COSTS, LOSSES OR DAMAGES FROM ALL CLAIMS, ACTIONS OR SUITS HOWEVER CAUSED OR ARISING FROM OR IN RELATION TO THIS AGREEMENT SHALL NOT EXCEED (I) ALL AMOUNTS PAID OR DUE FROM CUSTOMER WITH RESPECT TO THE PARTICULAR MARKFORGED TECHNOLOGY GIVING RISE TO THE CLAIM DURING THE SIX (6) MONTHS IMMEDIATELY PRECEDING THE CLAIM (NO MATTER WHEN PAYMENTS WERE ACTUALLY MADE), OR (II) ONE HUNDRED DOLLARS (\$100), WHICHEVER IS GREATER. NOTWITHSTANDING ANYTHING TO THE CONTRARY HEREIN, THE FOREGOING LIMITATIONS IN THIS SECTION 8.2 WILL NOT APPLY TO ANY LIABILITY ARISING FROM (A) EITHER PARTY'S INDEMNIFICATION OBLIGATIONS UNDER SECTION 7, (B) EITHER PARTY'S BREACH OF ITS CONFIDENTIALITY OBLIGATIONS UNDER SECTION 6 OR (C) CUSTOMER'S BREACH OF SECTIONS 4.2 OR 5.

THE FOREGOING LIMITATIONS OF LIABILITY SHALL APPLY, EVEN IF MARKFORGED AND/OR ITS SUPPLIERS HAVE BEEN ADVISED, OR ARE OTHERWISE AWARE, OF THE POSSIBILITY OF DAMAGES IN EXCESS OF SUCH LIMITATIONS. SOME STATES DO NOT ALLOW EXCLUSION OF IMPLIED WARRANTIES OR LIMITATIONS ON LIABILITY, SO THE LIMITATIONS AND EXCLUSIONS SET FORTH IN SECTIONS 8.1 AND 8.2 OF THIS AGREEMENT MAY NOT APPLY. IN SUCH STATES, THE LIABILITY OF MARKFORGED AND ITS SUPPLIERS SHALL BE LIMITED TO THE GREATEST EXTENT PERMITTED BY LAW. NOTWITHSTANDING THE FOREGOING, NOTHING IN THIS SECTION SHALL BE DEEMED TO IMPAIR THE U.S. GOVERNMENT'S RIGHT TO RECOVER FOR FRAUD OR CRIMES ARISING OUT OF, OR RELATED TO, THIS AGREEMENT UNDER ANY FEDERAL FRAUD STATUTE, INCLUDING THE FALSE CLAIMS ACT, 31. U.S.C. §§ 3729-3733.

8.3 Functionality Limitations. The Markforged Technology consists of commercial professional tools intended to be used by trained professionals only. The Markforged Technology is intended only to assist Customer with Customer's design, analysis, simulation, estimation, testing and/or other activities and are not a substitute for Customer's own independent design, analysis, simulation, estimation, testing, and/or other activities, including those with respect to product stress, safety and utility. Due to the large variety of potential applications for the Markforged Technology, the Markforged Technology has not been tested in all situations under which it may be used. MARKFORGED WILL NOT BE LIABLE IN ANY MANNER WHATSOEVER FOR THE RESULTS OBTAINED THROUGH USE OF THE MARKFORGED TECHNOLOGY.

8.4 Basis of the Bargain. Customer agrees that releases, waivers, warranty disclaimers, limitations of liability and indemnities this Agreement are a fundamental basis of the bargain between Customer and Markforged, and are a material part of the consideration received by Markforged for entering into this Agreement with Customer and providing Customer with the Markforged Technology, and Markforged would not have entered into these Terms or provided Customer with the Markforged Technology in the absence of such releases, waivers, warranty disclaimers, limitations of liability and indemnities. Customer and Markforged agree that the disclaimers and limitations of liability set forth in this Section 8 are reasonable in light of the fees paid for the Markforged Technology.

EXCLUSIVE LIMITED WARRANTY; EXCLUSIONS; DISCLAIMER

Applicability. Please access and review the online help resources referred to in the documentation accompanying the affected hardware product before requesting warranty service. If the product is still not functioning properly after making use of these resources, please contact us at support@markforged.com. You must assist us in diagnosing issues with your product and follow our warranty processes and procedures.

We may restrict service to the fifty states of the United States of America and the District of Columbia, and provide warranty service (i) by sending you prepaid way bills (and if you no longer have the original packaging, we may send you packaging material) to enable you to ship the product to our repair service location for service, or (ii) by sending you new or refurbished customer-installable replacement product or parts to enable you to service or exchange your own product (“DIY Service”).

Exclusive Limited Warranty. We warrant Markforged-branded hardware products against defects in materials and workmanship under normal use in accordance with the products’ documentation for the time periods set forth below and as set forth below (each, a “Warranty Period”). If a hardware defect arises and a valid claim is received within the Warranty Period, at our sole option and to the extent permitted by law we will do the following:

Labor: For a period of ninety days from the date of shipment to the original purchaser (“Labor Warranty”), we will, at our option, either (1) repair the hardware defect at no charge, using new or refurbished replacement parts, (2) provide you with new or refurbished user-installable replacement parts to enable you to repair the hardware defect as DIY Service, (3) exchange the product with a product that is new or reconditioned by us or that has been manufactured from new or serviceable used parts and is at least functionally equivalent to the original product, or (4) refund the purchase price of the product. If we elect to repair or replace the product after this Labor Warranty has expired but while the Parts Warranty below is still in effect, we will do so for the applicable labor charge.

Parts: For a period of one year from the date of shipment to the original purchaser (“Parts Warranty”), we will supply you with new or refurbished parts replacement parts in exchange for parts determined to be defective.

A replacement product or part, including a user-installable part that has been installed in accordance with instructions provided by us, assumes the remaining warranty of the original product or ninety (90) days from the date of replacement or repair (or, in the case of user-installable replacement parts, the date on which we shipped the user-installable replacement parts), whichever provides longer coverage for you. Parts provided by us in fulfillment of our warranty obligation must be used in products for which warranty service is claimed.

When a product or part is exchanged, any replacement item becomes your property and the replaced item becomes our property, and you agree to follow our instructions, including, if required, arranging the return of original product or part to us in a timely manner. When a refund is given, the product for which the refund is provided must first be returned to us before we will issue the refund and the product becomes our property on our receipt of the product. In the event of DIY Service requiring the return of the original product or part, we may require a credit card authorization as security for the retail price of the replacement product or part and applicable shipping costs. If you follow instructions, we will cancel the credit card authorization, so you will not be charged for the product or part and shipping costs. If you fail to return the replaced product or part as instructed, we will charge the credit card for the authorized amount.

Service options, parts availability, and response times may vary. Service options are subject to change at any time. In accordance with applicable law, we may require that you furnish proof of purchase details and/or comply with registration requirements before receiving warranty service.

You acknowledge and agree that THE CONTENTS OF YOUR PRODUCT WILL BE DELETED AND THE STORAGE MEDIA REFORMATTED IN THE COURSE OF WARRANTY SERVICE. Your product will be returned to you configured as originally purchased, subject to applicable updates.

You are responsible for all shipping costs associated with returning a defective product or part to us; provided, however, that if we determine that the product or part is eligible for warranty coverage, we will pay the shipping costs associated with shipping the repaired or replacement product or part to you. If we determine the product or part is not eligible for the warranty, we will return the product or part to you at your sole cost and expense and may require you to pay such

costs prior to shipping the product or part.

MISCELLANEOUS TERMS

Entire Agreement — These Terms of Service, the Agreement and the MAS 70 Contract and the documents referenced herein constitute the entire agreement and understanding between you and us and govern your purchases of products and/or services from us, superseding any prior or contemporaneous agreements, communications and proposals, whether oral or written, between you and us (including, but not limited to, any prior versions of the Terms of Service). We object to and reject any additional or different terms proposed by you, including those contained in your purchase order or other ordering documents, acceptance or website. Our failure to object elsewhere to any provisions of any subsequent document, communication, or act of you shall not be deemed a waiver of any of the terms hereof. Our obligations hereunder are neither contingent on the delivery of any future functionality or features of the products or services nor dependent on any oral or written public comments made by us (including without limitation on our Websites) regarding future functionality or features of any product or service. Any ambiguities in the interpretation of these Terms of Service shall not be construed against the drafting party. No employee or agent of Markforged has any authority to vary any of the terms and conditions set forth herein. The headings used in this agreement are included for convenience only and will not limit or otherwise affect these Terms of Service.

Waiver — The failure of us to exercise or enforce any right or provision of these Terms of Service shall not constitute a waiver of such right or provision.

Applicable Law — To the maximum extent permitted by law, these Terms of Service and any separate agreements whereby we provide you service or products shall be governed by the federal laws of the United States.

Actions Permitted — Except for actions for nonpayment or breach of a party's proprietary rights, no action, regardless of form, arising out of or relating to the Agreement may be brought by either party more than one year after the cause of action has accrued.

Relationship of the Parties — We and you agree that no joint venture, partnership, employment, or agency relationship exists between us as a result of these Terms of Service and that we are acting as an independent contractor in performing any services for you.

Severability — If any part of these Terms of Service is determined to be invalid or unenforceable pursuant to applicable law including, but not limited to, the warranty disclaimers and liability limitations set forth above, then the invalid or unenforceable provision will be deemed superseded by a valid, enforceable provision that most closely matches the intent of the original provision so that the terms shall remain in full force and effect, and the remainder of these Terms of Service shall continue in full force and effect.

No Third Party Beneficiaries — These Terms of Service shall not be interpreted or construed to confer any rights or remedies on any third parties.

Data Protection — You acknowledge and agree that it is necessary for us to collect, process and use your data in order to process sales, perform service, and confirm compliance with applicable laws. We will protect your information in accordance with our Privacy Policy.
