Help Your Supply Chain Risk Management Clients Take A Proactive Stance On Cyber and Procurement Threats

Increase services revenue and margin with Interos

- Offer cutting edge new client services for cyber and procurement vulnerability risk
- Protect client value, reputation
- Ensure compliance & policy adherence
- Expand client services, deepen mission impact using fewer resources
- Leverage AI-powered multi-tier visibility and monitoring to mitigate domestic and foreign adversaries

The High Cost of Disruption

\$54M

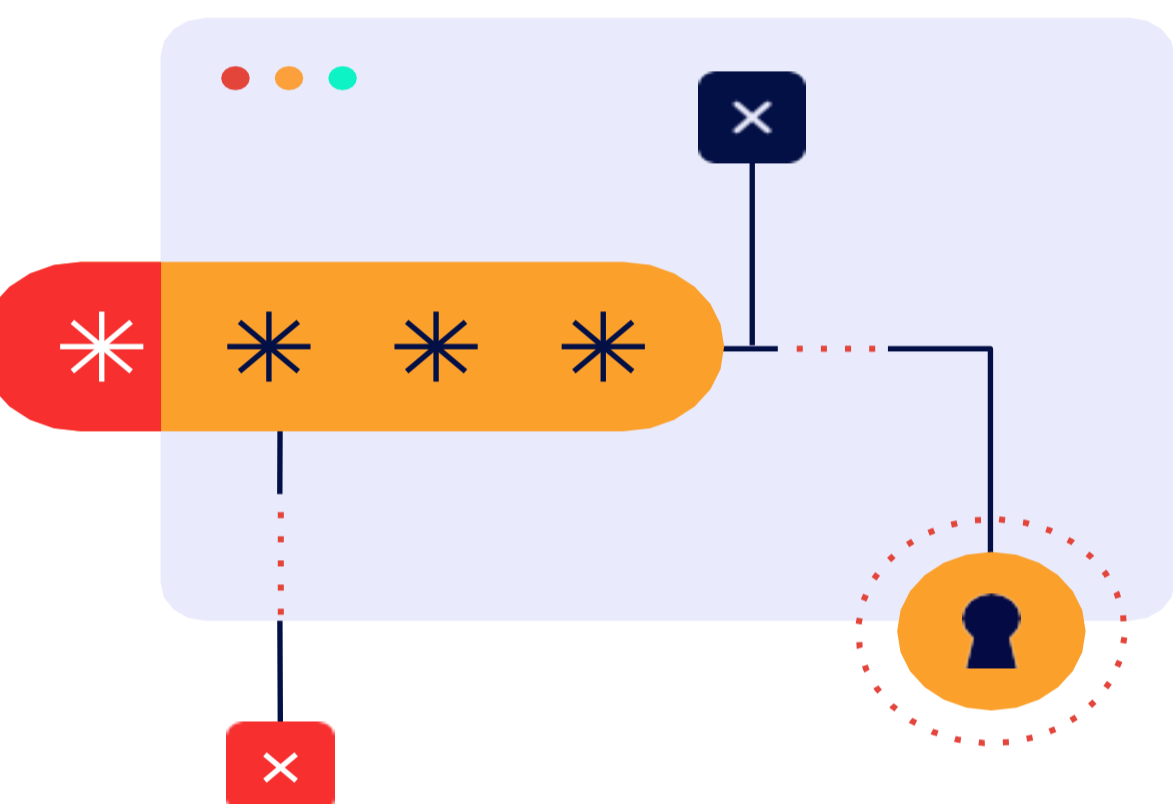

Supply chain disruptions cost federal agencies \$54M annually losses per agency

99%

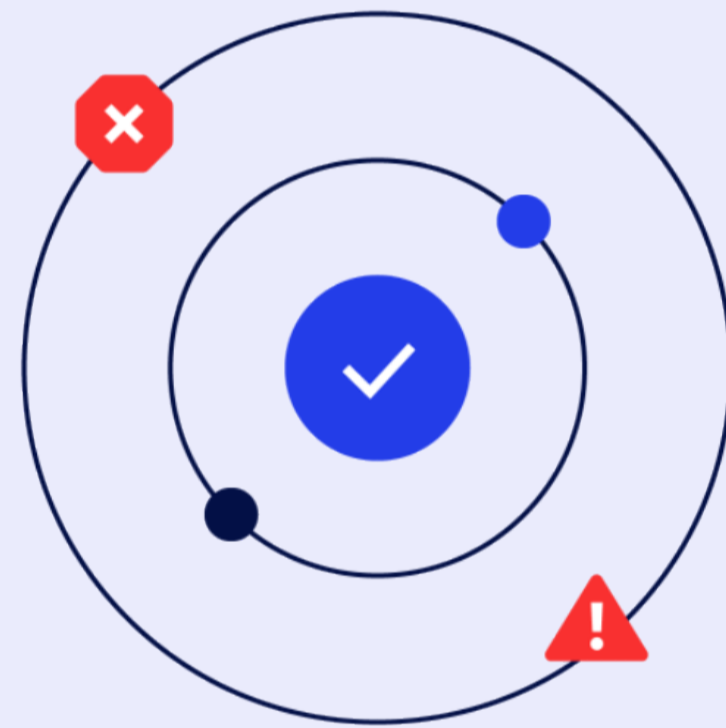

of federal agencies say they wouldn't know about supplier disruptions caused by cyber-attacks until two days after it happens.

(Interos resilience report 2023)

NASA, L3 Harris, The US Navy, DoD & DoE Trust in Interos To:

- Accelerate efforts to combat a growing array of adversaries
- Optimize processes and resources to maintain mission assurance

"We consider Interos our first line of defense."

Byron Greene
L3Harris Technologies

"Interos gives us more consistency and security in our supply chains."

Kanitra Tyler
NASA

Partner with Interos to bolster clients' mission success

- Minimize Cyber-SCRM and vulnerability risk is an executive imperative – illumination of mid-tier vendors is not knowing no longer a defensible position – the data insights and technological capabilities exist
- Partner with Interos to help your clients take a proactive stance to combat a growing number of adversaries and ensure mission success in the N-th tier of their supply chains
- Build your clients' Resilience by Design™ by managing cyber supply chain and vulnerability risk through AI-driven insights and "what if" analysis

Interos Partnerships & APIs for Client Success

The Bottom Line

Delays in risk detection and poor visibility of sub-tier risks have real costs to you and your clients. Close the detection and response gap to protect revenue and client trust. Create competitive advantage, embrace Resilience by Design™ to overcome mission risk and deliver results.
