Summer Specials for Government

Promotional Guide 2019

Summer Specials for Government

Nutanix and Carahsoft are offering summer specials for government, on various products and services, from now through September 30th.

The Nutanix Enterprise Cloud OS increases data center efficiency, dramatically reduces costs, and improves infrastructure security. Nutanix leverages webscale architecture to be massively – and incrementally – scalable. Whether you are investing in Nutanix for the first time, or want to expand your existing deployment with additional capacity, hardware upgrades, or professional services, Nutanix summer specials are a great way to save!

Nutanix customers enjoy the ease of implementation, expedited time to value and near immediate returns on their investments. The following promotions are designed to streamline the procurement process for near-term purchases.

Nutanix and Carahsoft are offering summer specials for government, on various products and services, from now through September 30th.

Custom Configurations with Software-Only

Need something else? Our team is ready to tailor a custom software-only configuration that meets your FY19 requirements on your platform of choice. The Nutanix Enterprise Cloud Platform is designed to support any workload at any scale, including:

- Datacenter modernization & consolidation
- Windows 10 migration
- Private/Hybrid/Public Cloud
- Cybersecurity
- Virtual Desktop Infrastructure (VDI), including Graphics intense processing
- Server virtualization
- Big Data
- DR/COOP
- Tactical Processing Nodes

Acropolis and Prism software are available in several editions to meet your infrastructure needs with the right capabilities on Nutanix appliances, as well as Nutanix-certified hardware platforms.

OEM & Third Party Server Providers

Nutanix provides the freedom to choose the right technology for the mission, including hardware platform, virtualization technology, and public cloud integration. Nutanix is proud to partner with industry-leading server providers to bring the Enterprise Cloud OS to a platform of your choice.

Contact us at nutanix@carahsoft.com to speak with our technical experts and Federal Account Executives about your unique requirements and end of year pricing.
