Salesforce Sacramento Innovation Day

The event will draw an audience of 150+ public sector managers and industry stakeholders focused on creating a smarter, more innovation government. The event will feature a main stage and post-event demo expo with speakers from government and industry.

The Innovation Day will be held on **September 17, 2019** at the Kimpton Sawyer Hotel, Magnolia Ballroom.

Join your fellow trailblazers and learn how revolutionary technology platforms easily integrate with your current infrastructure, enabling automation, collaboration, mobile and rapid response to change.

At the Salesforce Innovation Day –
- Hear from thought leaders across government and industry
- Take advantage of 11 unique sessions
- Meet with Salesforce executives – networking and discussion opportunities
- Engage with partners, experts and companies who specialize in cloud computing, citizen engagement, automation, and beyond
- Meet with and problem solve alongside your peers and experts
- Get in-depth details on customer case studies and testimonials
- Gather information from a wide range of experts and leaders who will be sharing best practices, new solutions, and more
