

Container Security for State Governments, Municipalities and Academia

CARASOFT INVITES YOU TO EXPLORE OUR INAUGURAL
RED HAT AND PALO ALTO NETWORKS PUBLIC SECTOR NEWSLETTER
 THE BEST OF WHAT'S NEW IN STATE AND LOCAL GOVERNMENT AND EDUCATION

About Red Hat

Red Hat is the world's leading provider of enterprise open source software solutions, using a community-powered approach to deliver high-performing Linux, hybrid cloud, container and Kubernetes technologies.

- OPEN SOURCE
- HYBRID CLOUD
- KUBERNETES
- ENTERPRISE AUTOMATIONS

About Palo Alto Networks

Palo Alto Networks, the global cybersecurity leader, is shaping the cloud-centric future with breakthroughs in AI, analytics, automation and orchestration technologies that are transforming the way people and organizations operate.

- CLOUD SECURITY
- SECURITY OPERATIONS
- ORCHESTRATION
- NETWORK SECURITY

Through our partnership, Red Hat and Palo Alto Networks are helping state governments, municipalities and academic institutions secure their cloud native environments with Prisma Cloud on Red Hat OpenShift. Take a deep dive into both technologies below!

NOW STREAMING

Palo Alto Networks and Red Hat Webinar with Carahsoft

Watch Red Hat and Palo Alto Networks' informative session on container security with Prisma Cloud and Red Hat OpenShift. Experts from both organizations address the:

- Value of a cloud-native approach for your intake and output strategy
- Key steps to secure containers across the application lifecycle
- Role that developers and DevOps own in container security

View the webinar and learn how you can partner with Red Hat and Palo Alto Networks to develop, deploy and secure your containers on any infrastructure, designed with DevOps teams in mind!

The Leader in Hybrid Cloud, Enterprise Kubernetes

Red Hat OpenShift is the leading enterprise Kubernetes platform: a security-focused, consistent foundation to deliver applications anywhere, with full-stack automated operations and streamlined developer workflows.
