HPE Education Services Learning Credits

With Learning Credits, purchasing and managing training is easier than ever. Be sure to request Learning Credits with your HPE solution order.

Benefits

- Flexible—Utilize as needed for any training from [HPE Education Services training catalog](#).
- Practical—Allocate budget by pre-purchasing Learning Credits while funding is available and identify student names, dates, and locations once you're ready to schedule training.
- Convenient—Minimize the time and effort spent on purchasing and managing training. A single purchasing transaction sets up your Learning Credit account. Once the Learning Credits are in place, students simply redeem them by enrolling in classes as needed—no additional funding, purchase orders, or approvals are required.

Features

- Learning Credits are valid for 12-60 months from the date of activation based on the product selected, unless aligned to the term of a GreenLake agreement.
- HPE sends a welcome letter with each purchase—with instructions for selecting courses, enrolling in classes, and redeeming your Learning Credits.
- Learning Credits purchased in North America may be redeemed across any of our [HPE Education Services training portfolios](#) in the US and Canada, including public open enrollment scheduled virtual instructor-led (VILT) classes, dedicated private classes, self-paced eLearning, or [HPE Education Services – Digital Learner Subscriptions](#). For more information, visit the [FAQ](#).
- Learning Credit units are priced at \$100 USD/\$130 CAD. The typical cost for one student to attend one day of open enrollment training is 10 Learning Credits. Some exceptions apply. See full [Terms & Conditions](#).

Purchase these credits standalone or with HPE hardware/solutions

Product number (Flexible)	Product number (Fixed)	Description	Recommended Purchase Quantity ¹
H33XSA1	H33XSE	HPE Education Services Learning Credits 1Yr SVC	50
