SAYARI FOR DEFENSE

Mission-Critical Supply Chains, Secured

Adversarial governments working to undermine national security interests may attempt to threaten weapons systems and infrastructure by infiltrating defense supply chains. **Sayari enables confident, clear-eyed sourcing and procurement decisions by delivering instant n-tier supply chain risk insights.**

"From experience, what would have taken days, maybe even weeks to produce by scouring [open source internet sites] and finding someone who could translate the documents was achieved in minutes."

Chief Intelligence Officer
U.S. Federal Law Enforcement Field Office

TRUSTED BY DEFENSE AND INTELLIGENCE AGENCIES

In the United States:

- The U.S. Intelligence Community
- The Department of State
- The Department of Homeland Security
- The Department of the Treasury
- The Department of Defense

In Other Countries:

- Canadian Armed Forces

PROUDLY SUPPORTED BY

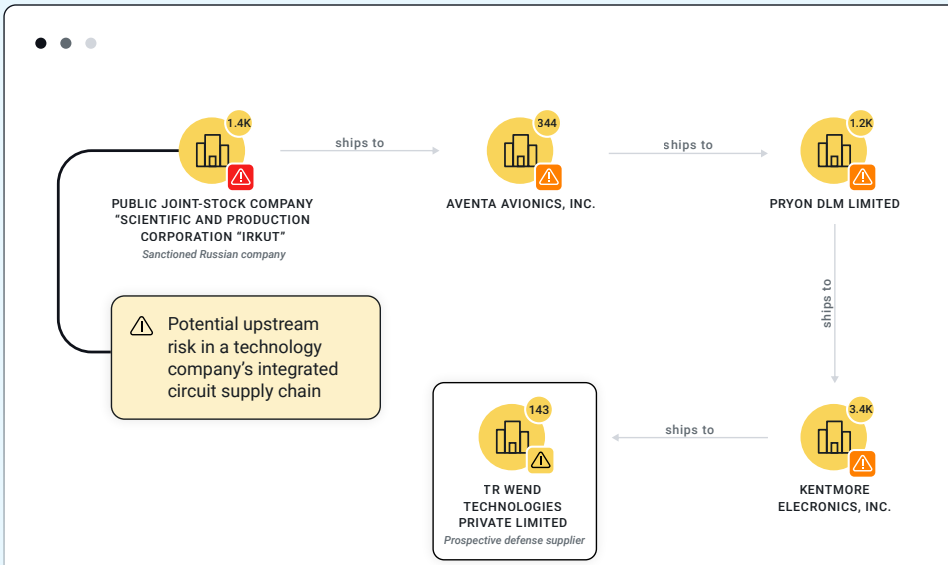

iqt™

In-Q-Tel is the leader in accelerating the transition of groundbreaking technologies from the private to the public sector to advance the national security and economic prosperity of America and its allies.

SAYARI

Instant Insights, Total Transparency

Defense

SAYARI SUPPORTS

- **Supply Chain Risk Management.** Identify and screen sub-tier suppliers for risks that could disrupt or otherwise compromise defense supply chains.
- **Vendor Threat Mitigation.** Safeguard sensitive programs with detailed insight into control and ownership of contractors and subcontractors.
- **Strategic Competition.** Identify key businesses and individuals used by adversary countries to operate in the grey zone and exert influence.
- **Counter Threat Finance.** Target the corporate and trade networks of transnational criminal organizations and other threat actors.
