GEN3i Data Protection Lab

Your Hands-On Environment for Evaluating Modern Data Protection Solutions

What Is the Lab?

The Lab is a Data Protection and Storage integration space hosted in the Carahsoft Better Together Center, powered by GEN3i engineering expertise. Designed specifically for public sector agencies to explore and validate modern data protection and storage solutions; this real-world environment enables solution testing, vendor integration and hands-on demonstrations.

This space exists to showcase how solutions from leading technology vendors come together to solve complex data protection, migration, and resilience challenges. Whether you're evaluating a new backup platform, exploring SaaS protection, migrating from a legacy system, or contemplating multi-vendor solutions for compliance, this lab gives you a risk-free space to experience technologies in action, before you invest.

Why Use the Lab?

- Test Before You Buy
- Real World Solution Validation
- Accelerate Procurement Cycles
- See Integrated Solutions in Action
- Train and Enable Your Teams
