

OffSec Flex Program
Infosec training for organizations & teams

The OffSec Flex Program gives your organization the ability to pre-purchase a block of training that you can use throughout the year, as needed. Your Flex Funds can be applied towards any OffSec training or certification products, including Phishing Councils, which is a full-timed program that allows employees to sharpen skills and gain confidence in the safety of a simulated real-world enterprise infrastructure.

How it works in 3 easy steps

- 1 Secure your training budget for the year.
- 2 Pre-purchase OffSec training (see OffSec All Events additional Bonus Funds on top of your investment).
- 3 Utilize that training time as needed throughout the year.

Who is this designed for?
The program works especially well for organizations that

- Have diverse set of employees with varying training needs
- Are uncertain exactly what type of training to invest in
- May have one-time training that requires advanced planning
- Need to spend secured training budget to avoid risk of using unsecured sources

Benefits of the Flex Program

- Training Flexibility**
