The 30-30-30 Cybersecurity Challenge

Gain 30% Efficiency. Cut Costs by 30%. Learn How in 30 Minutes.

Federal agencies and system integrators face mounting cybersecurity threats – from lone hackers to nation-state actors – while being pressed to do more with fewer skilled resources and tighter budgets. To stay ahead, IT leaders must act quickly, decisively, and strategically.

In just **30 minutes**, discover how Fortinet Federal can help you:

Boost cybersecurity efficiency by **30%**

Cut cybersecurity-related costs by **30%**

Secure your networks with **advanced**, **automated** solutions

Gain **30%** Cybersecurity Efficiency

Fortinet Federal's integrated cybersecurity and networking technologies are purpose-built for performance, scale, and automation.

17x faster performance
than competitors with 99.98% security effectiveness

Gain significant labor hours weekly
improving productivity without additional headcount

Up to 99% less time
spent on incident response

Reduce Costs by **30%**

Do more with less. Fortinet Federal helps agencies secure their infrastructure while maximizing ROI.

One device. One license.
No more complex, add-on licensing

Up to 300% ROI
with FortiOS

50% increase
in IT team productivity

Learn How in Just **30 Minutes**

Meet with a Fortinet Federal system engineer to explore tailored strategies that drive efficiency, cost savings, and stronger cyber defense.

Why Cybersecurity Leaders Choose Fortinet Federal

Faster Speed & Greater Scale.
Purpose-built technology delivers the industry's best threat protection, highest throughput, and lowest latency

Security Effectiveness.
Gain the highest catch rates through FortiGuard threat intelligence service

Technology Convergence.
Security and networking in one platform provides simplicity and savings

Diversification.
Integrate and scale solutions to achieve defense in depth

Take the Challenge.
