SERENITYEHS

Key Features

Improve employee engagement with **EHS End User Portal** for tracking, investigating and correcting/preventing Injury, Illness, Hazards, and Releases.

Simplify EHS Regulatory Content with our **Applicability Screening and Content Subscriptions** from ENHESA. We provide clear consolidated summaries of regulations and requirements, per jurisdiction. We allow you to identify the regulations and requirements that are applicable to you and automate risk & compliance in the ServiceNow IRM applications.

Reduce EHS risk and automate compliance testing with ServiceNow IRM

Improve the Health and Safety of facilities and equipment with **dynamic mobile first Inspections**
