

AWS Accreditations

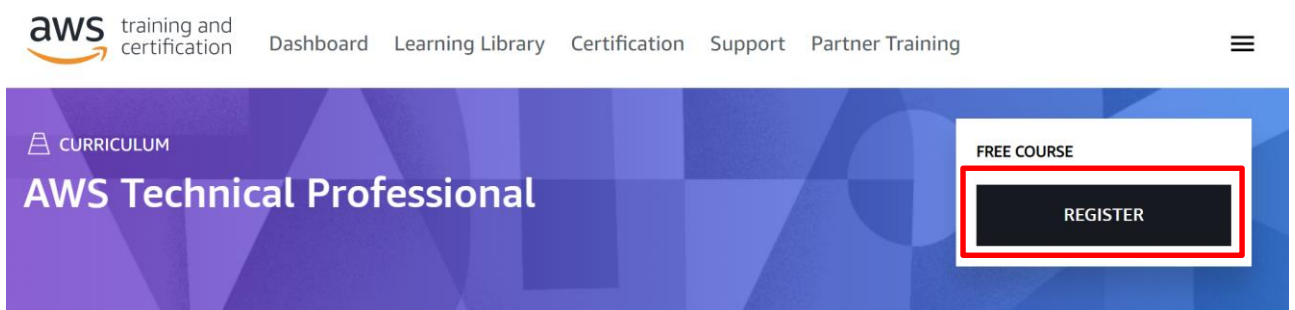

Foundational AWS Training for Partners

Successful course and assessment completion of the following accreditations satisfy Consulting Partner Knowledge requirements;

- [AWS Business Professional](#) for Sales, Consultants, and Alliance Leads
- [AWS Technical Professional](#) for Technical Sales and Solution Architects

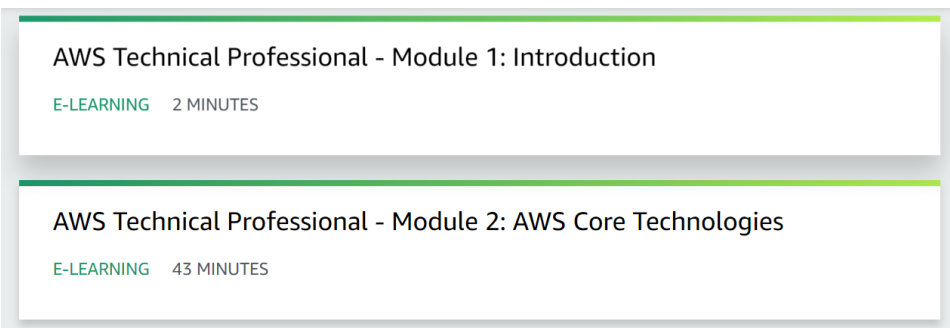

Access AWS Accreditation courses through **AWS Partner Central login**. Register or update your account with your current APN Partner email address.

Step 1: Register for Course (required to be marked as complete)

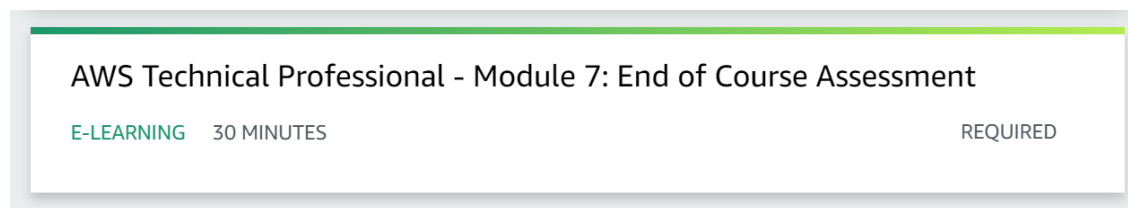

The screenshot shows the AWS Training and Certification website. The navigation bar includes 'aws training and certification', 'Dashboard', 'Learning Library', 'Certification', 'Support', and 'Partner Training'. The main content area features a purple and blue background with the text 'CURRICULUM' and 'AWS Technical Professional'. A white box on the right contains the text 'FREE COURSE' and a black 'REGISTER' button, which is highlighted with a red border.

Step 2: Complete course modules (optional)

The screenshot shows two course modules listed in a list view. The first module is 'AWS Technical Professional - Module 1: Introduction' with a duration of 2 minutes. The second module is 'AWS Technical Professional - Module 2: AWS Core Technologies' with a duration of 43 minutes. Both modules are marked as 'E-LEARNING'.

Step 3: Complete assessment module (required)

The screenshot shows the 'AWS Technical Professional - Module 7: End of Course Assessment' with a duration of 30 minutes. It is marked as 'E-LEARNING' and 'REQUIRED'.

AWS Accreditations

Common Accreditation Support Scenarios

Accreditations completion can take up to 5 business days to reflect on APN Scorecards. If your accreditation isn't reflected after 5 business days, try the following solutions to troubleshoot your issue.

Note: The AWS Training and Certification email address field in the APN Central profile only transfers Certification records under additional email.

Challenge: Completed accreditation through previous employer email address and need record to transfer to new employer.

Solution: Submit a [support request](#) to AWS T&C Support to merge to one account under your current employer email address [Account Assistance > Merge Accounts]. This will merge both Training and Certifications under former email address to your current employer email address.
