

Executive Summary

Cybersecurity

Security for Today's Modern Learning. Protection for the Future.

BlackBerry® security solutions are powered by [Cylance® AI](#)—the **first** and **most advanced** cybersecurity AI technology on the market which means **your institution's** **benefits** include:

Efficiency & Productivity

Some of the **highest efficacy ratings** in the market while using **95 percent** less CPU consumption - extending the lifecycle of school-owned devices

Protection Anywhere. Anytime.

Unlike traditional endpoint solutions, [CylanceENDPOINT](#) doesn't require an Internet connection - staff and student systems are protected both on- and offline, wherever learning happens

Holistic Cyber Posture

Cylance AI-driven solutions help government agencies **reduce** alert fatigue, **respond** to incidents faster and **adopt** ZTA more easily

What We Do

[Malware/Ransomware Prevention](#)

Antivirus Replacement/Augmentation

[VPN Alternative](#)

Managed Detection and Response (MDR)

[Critical Event Management \(CEM\)](#)

Unified Endpoint Management (UEM)

[Secure Voice, Messaging & Conferencing](#)

Professional Services

- [Incident Response, IR Retainers \(IRR\)](#)
- Compromise Assessment
- [Penetration Testing](#)
- Red, Blue, and Purple Teaming, and [more](#)

Core Offerings

[CylanceENDPOINT](#)

FedRAMP and StateRAMP authorized endpoint protection powered by CylanceAI - the most mature AI engine for cybersecurity

[CylanceEDGE](#)

ZTA solution to provide secure access and best-in-class data security to support a learn from anywhere strategy

[CylanceGUARD](#)

MDR eliminates the challenges educational institutions face managing complex tools and adversaries across all their environments

[CylanceINTELLIGENCE](#)

Delivers contextual threat intelligence designed to prevent, hunt and respond to dynamic threats

[BlackBerry UEM](#)

Securely enables productivity with endpoint management and policy control

Who We Are

Pioneers in AI for Cybersecurity

BlackBerry helps organizations defend against cyber threats. Founded in 1984 as Research In Motion (RIM), BlackBerry is now a leader in cybersecurity—helping businesses, government agencies, and safety-critical institutions of all sizes secure the Internet of Things (IoT). The security of the device you once held in your hand is now in everything you touch.

Trusted Experts. Expansive Portfolio.

BlackBerry software powers devices, cars, and the Internet of Things—securely. Our holistic approach to cybersecurity empowers educational organizations of all size to [prepare](#), [prevent](#), [defend](#), and [respond](#) to cyberattacks. Leveraging the most mature AI engine on the planet, our cybersecurity solutions:

- Deliver some of the highest efficacy ratings in the market, while using 95 percent less CPU consumption compared to other solutions
- Offer an integrated portfolio spanning network, endpoint and cloud
 - One solution reduces the complexity of Security and IT Ops, making it easier to run your organization and securely enable learning
- Extend and upskill your team's capabilities with experts available 24x7x365
 - Leveraging our expert team of cybersecurity professionals results in 85% less outlay compared to resourcing a security operations center (SOC) on your own

Certifications

- NATO Restricted
- Common Criteria EAL 4 +
- NIAP
- BlackBerry® Unified Endpoint Manager (UEM) software has achieved National Security Agency (NSA) Commercial Solutions for Classified Program (CSfC) approval
- Carbonzero Certified (CZC-1474-1006-2020) BlackBerry has achieved carbon neutrality across Scope 1, Scope 2 and material Scope 3 emissions
- Federal Risk and Authorization Management Program (FedRAMP)
- State Risk and Authorization Management Program (StateRAMP)
- Certificate of Networkiness (CoN) and Authority to Operate (ATO) by the United States Army
- FIPS 140-2
- Department of Defense Information Network (DoDIN) approval as a Mobile Device Management (MDM) solution (BlackBerry® Unified Endpoint Manager (UEM) software)

Education Contracts

- [NCobb County, GA Technology Products, Solutions and Related Services - OMNIA Partners, Public Sector](#)
- [E&I Carahsoft Cloud Solutions & Services Distributor Contract](#)
- [Educational Software Solutions and Services - OMNIA Partners, Public Sector](#)
- [Illinois Learning Technology Purchase Program \(ILTPP\)](#)
- [Massachusetts Higher Education Consortium \(MHEC\)](#)
- [NJSBA](#)
- [The Quilt](#)
- [VASCUPP](#)
