

# About Magnet Forensics

Magnet Forensics is the leader in digital investigation software with an integrated approach that maximizes technology—providing a wide range of solutions for law enforcement agencies and corporations to meet the challenges of modern digital evidence investigations.

Magnet Forensics products are designed to not only find the most relevant evidence from mobile devices, computers, IoT devices, and the Cloud, but to improve efficiencies within labs and let non-technical stakeholders participate in the analysis of digital evidence. Magnet Forensics has been proud to help examiners and investigators fight crime, protect assets, and guard national security since 2011.
