

NJEdge maintains established partnerships with top-tier technology solution providers and actively negotiates new alliances to ensure members receive best-in-class service, preferred pricing and future-forward thinking. In conjunction with our technology partners, we ensure EdgeSecure adheres to a national standard. EdgeSecure partners currently include:

Network device inventory and vulnerability assessment

Mobile device inventory and protection

Endpoint protection with artificial intelligence

Internet traffic information and protection

Security Information and Event Management (SIEM)

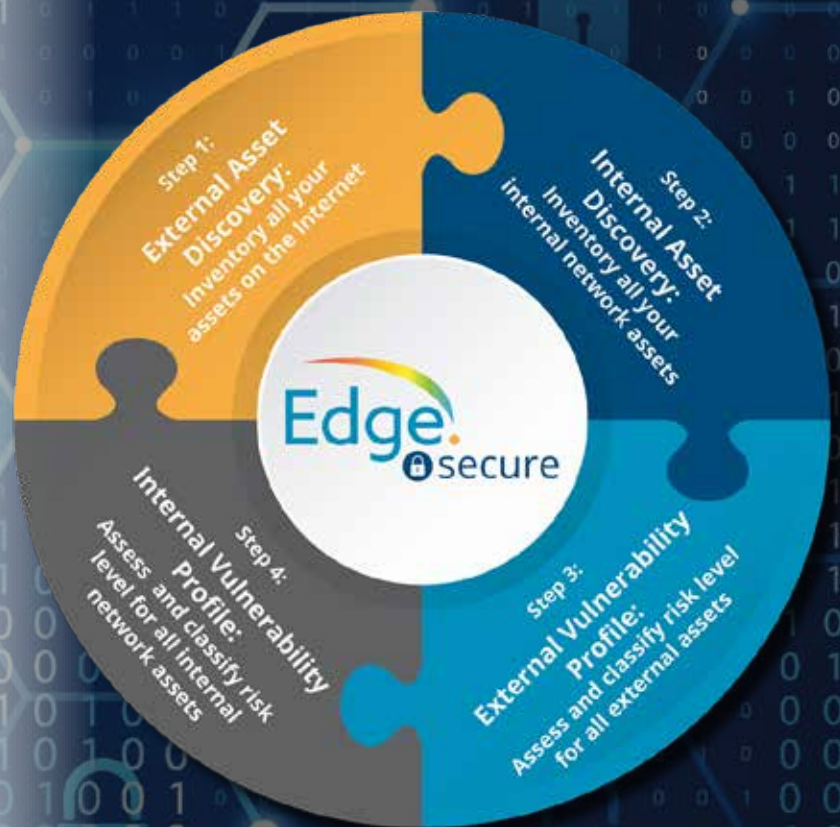

Data and audit protection

Cloud resource information and policy enforcement

Threat Intelligence

EdgeSecure: Designed to proactively put into effect, maintain and improve a secure network for your institution.
