# Modern Protection Built for Education

Get 24x7 Security Operations  
for 12 Months with Qualifying  
FortiGate Bundles

Cyberattacks on schools and libraries are growing with everything from ransomware to phishing to data breaches on the rise. IT teams often can't keep up with the constant alerts and building a full security operations center (SOC) isn't feasible.

## Stronger Protection without Adding Staff

With the loss of federal funding for the Multi-State Information Sharing and Analysis Center (MS-ISAC), schools and libraries now face the loss of critical cybersecurity services they once relied on for threat monitoring.

Fortinet FortiGuard SOC-as-a-Service (SOCaaS) delivers around-the-clock monitoring and response, providing expert protection as part of your qualified FortiGate purchase. FortiGuard SOCaaS delivers:

- 24x7 real-time threat monitoring by Fortinet SOC experts
- Instant alerts and guided response for faster action
- AI-powered alert triage to cut through the noise
- Full integration with your Fortinet technology stack

## SOCaaS Built for the Needs of K-12 Schools and Libraries

FortiGuard SOCaaS helps reduce alert fatigue and frees up limited IT staff with 24x7 security operations. You gain access to Tier-1, Tier-2, and Tier-3 security expertise to help protect sensitive data and maintain learning continuity. FortiGuard SOCaaS is eligible for E-rate funding under MIBS Category 2 after the promotion period.

## Get 12 Months of FortiGuard SOCaaS Now

Twelve months of Fortinet FortiGuard SOCaaS is included with eligible FortiGate bundles and is available from October 1, 2025 to September 30, 2027.
