Who is Trellix?

Trellix is redefining the future of cybersecurity. The company's open and native extended detection and response (XDR) platform helps organizations confronted by today's most advanced threats gain confidence in the protection and resilience of their operations. Trellix's security experts, along with an extensive partner ecosystem, accelerate technology innovation through machine learning and automation to empower over 40,000 business and government customers.

Why Trellix?

Trellix offers our customers a living security solution where we are always learning & adapting, native & open, and expert & embedded. What that means is we provide a complete security solution with our core engines for Endpoint Security, Network Security, Email Security, Cloud Security, and Data Security which integrate with our SOAR, Helix, into a single interface for security operations teams, which we call XConsole.

Our positive business outcomes are making it easier for your Security Operations teams to respond to alerts, streamline SecOps with increased intelligence, and reduce the amounts of alerts they see.

What is Trellix's Secret Sauce?

FireEye and McAfee Enterprise merged to form Trellix: A fresh cyber security firm determined to redefine the future of cybersecurity with a mature XDR platform. The Trellix living XDR ecosystem harnesses the power of AI/ML to adaptively strengthen detection, plus it responds in real time to active threats, so your business continues as usual.

Trellix offers a flexible, scalable platform with open APIs that integrates seamlessly with your existing technologies, to deliver maximum visibility, control, and vendor choice. Findings and recommendations from the Trellix Advanced Research Center, an elite team of security researchers, analysts, and responders enrich the platform with Novel insights and actionable real-time intelligence on threat actors and their behavior.

Awards

Large vendor in the Forrester Landscape for Endpoint Security Q1-2023

Representative vendor in the Gartner Market Guide for Network Detection and Response (NDR), 2022

81% of customers recommend Trellix on Gartner Peer Insights Email Market

2nd largest DLP vendor in IDC Market Analysis perspective, Worldwide Data Security, 2021

What are Trellix's Core Products?

Endpoint Security

- Trellix Endpoint Security
- Trellix Endpoint Detection and Response (EDR)
- Trellix Application and Change Control
- Trellix Mobile Security
- Trellix MOVE AntiVirus

Network Detection and Response

- Trellix Network Security
- Trellix Network Forensics
- Trellix Intrusion Prevention System

Collaboration Security

- Trellix Email Security
- Trellix Collaboration Platform Security
- Trellix Extended Enterprise Security

SecOps and Analytics

- Trellix Helix
- Trellix Connect
- Trellix Insights
- Trellix ePolicy Orchestrator (ePO)
- Trellix Enterprise Security Manager
- Trellix Advanced Correlation Engine
- Trellix Global Threat Intelligence for ESM

Data Security

- Trellix Data Loss Prevention
- Trellix Data Encryption
- Trellix Complete Data Protection

Cloud Security

- Trellix Cloudvisory
- Trellix Detection as a Service
- Trellix Cloud Workload Security
