

ServiceNow OneGov Offering: Drive Efficiency with ITSM + Generative AI

To receive pricing and/or to schedule an overview reach out to:
servicenow@carahsoft.com or (855) 487-6669

ServiceNow is launching its OneGov promotional offer to help federal agencies modernize IT service Delivery with ITSM Pro and ProPlus (AI capabilities). These AI capabilities are aligned with the Administration's priority to drive efficiency and effectiveness in the new AI Action Plan through the acceleration of AI adoption in government. This offer will also allow current and existing customers to achieve a streamlined agency-wide licensing of ITSM which will reduce admin burden, cost of ownership, and increase compliance control.

Bundle: ITSM Pro & ITSM ProPlus Unrestricted User	
	• Combine ServiceNow's IT workflow automation platform with generative AI capabilities. • Modernize and improve your agency's efficiency and productivity by utilizing ServiceNow AI powered platform. • Offered at a 70% discount

Where to Purchase:

The bundle is available exclusively on [Carahsoft Technology Corporation's GSA Schedule](#) and available through eligible Carahsoft Federal resellers.
