DegreeAnalytics

EnStore Software Tiers & Overview

DegreeAnalytics

"Degree Analytics has been a great partner. They've helped us to look at our student population at scale which we haven't been able to do before. We've learned a lot in a short period of time..."

Jeremy Brown, CIO
Colorado Mesa University

Choose the most appropriate lens for your institution...

EnStore Platform	Silver	Gold	Platinum
Facility Usage & Campus Planning: A Real-time & Historical view of campus	✔	✔	✔

Data Privacy and Governance

At Degree Analytics, we build solutions to solve the most important challenges facing higher education. At every level of our organization, we are committed to data protection, privacy, security, and compliance. Our platform and services have been designed and developed with data privacy and security in mind. Because institutions value and care deeply about data security, we've committed to building our security practices to the highest industry standards. Our security measures are captured in detail online in the HECVAT Cloud Broker Index.
