

# Q&A Transcript – Webinar 2 – *Taking the Classroom Online*

## Q&A Transcript – Webinar 2 – *Taking the Classroom Online*

Question: We have licenses to Adobe Connect. Do we need licenses to Adobe Captivate to create the slides we are seeing right now?

Answer: Yes, to create the captivate content shown today you need a captivate license

Question: What is the difference between SCORM 1.2 and 2004 when publishing?

Answer: They are different versions of the reporting standard, more info here '<https://scorm.com/scorm-explained/business-of-scorm/scorm-versions/>'

Question: how can I insert a pdf document for the user to open in the slide of **CQ** project?

Answer: If you add a button and change the button action to "open file" you can do the above!

Question: Does Adobe Captivate work with Canvas LMS?

Answer: Answered verbally

Question: I just updated to Moodle 3.11. I create **Captivate** content and upload it using **Scorm 1.2**. After the update to Moodle I am having issues with the **.svg elements** in the content. Any slide that has an **svg** **on** it shows up on a **seperate** pop up window and not on the **actual** slide. Any thoughts on why this is happening?

Answer: Answered verbally

Question: In a published **CQ** module my team has, there is a pdf document that the user clicks on the "click here" to open. My question is after opening the module, to find the pdf in the slide, does a pdf document show up in the properties? Or, is there any evidence in the **CQ** project that give the file that is linked in that slide?

Answer: Answered verbally
