1.4 CUSTOMER RESPONSIBILITIES

1.4.1. Customer will receive from ServiceNow communications via email, phone, or through the Support Portal regarding the Subscription Service and acknowledges that access to the Support Portal may require multi-factor authentication by Customer.

1.4.2. Customer will appoint a reasonable number of contacts ("Customer Authorized Contacts") to engage Customer Support for questions and technical issues and Customer must maintain current contact information for the following authorized contacts in the Support Portal who have been trained to administer the Subscription Service:

- Primary Business Contact;
- Secondary Business Contact;
- Technical Contact;
- Support Contact;
- Primary Customer Administrator; and
- Security Contact.
2. **AVAILABILITY SLA**

   If Customer’s production instance of the Subscription Service is Available less than 99.8% during a calendar month, Customer’s exclusive remedy is to request ServiceNow issue a service credit ("Service Credit") to Customer for the dollar value of the number of minutes the Subscription Service was not Available in the month. Service Credits are determined at the deemed per-minute rate ServiceNow charges to Customer for Customer’s use of the affected Subscription Service. Customer may request ServiceNow apply a Service Credit to the next invoice for subscription fees. Customer must request all Service Credits in writing to ServiceNow within 30 days of the end of the month in which the Availability SLA was not met. ServiceNow may delay issuing service credits until such amounts reach $1,000 USD or equivalent currency specified in the applicable Order Form.

   ‘Available’ means the production instance of the Subscription Service can be accessed by authorized users during a calendar month, excluding Excused Downtime.

   ‘Excused Downtime’ means: (a) Maintenance Time of up to two hours per month; and (b) any time the Subscription Service is not Available due to circumstances beyond ServiceNow’s control, including modifications of the Subscription Service by any person other than ServiceNow or a person acting at ServiceNow’s direction, a Force Majeure Event, general Internet outages, failure of Customer’s infrastructure or connectivity (including direct connectivity and virtual private network ("VPN") connectivity to the Subscription Service), computer and telecommunications failures and delays, and network intrusions or denial-of-service or other criminal attacks.

   ‘Infrastructure Modification’ means repairs, maintenance, improvements, or changes to the cloud infrastructure used by ServiceNow to operate and deliver the Subscription Service. ServiceNow will give Customer 10 days’ prior notice of an Infrastructure Modification if ServiceNow, in its reasonable judgment, believes that the Infrastructure Modification will impact Customer’s use of its production instances of the Subscription Service, unless, in the reasonable judgment of ServiceNow, the Infrastructure Modification is necessary to: (a) maintain the availability, security, or performance of the Subscription Service; (b) comply with Law; or (c) avoid infringement or misappropriation of third-party IPR.

   ‘Maintenance Time’ means the time the Subscription Service is not Available due to an Infrastructure Modification, Upgrade, or Update.

3. **UPGRADES AND UPDATES**

   ‘Upgrades’ are new Release Families applied by ServiceNow to Customer’s instances of the Subscription Service at no additional fee during the Subscription Term. A “Release Family” is a complete solution with new features or enhancements to the Subscription Service, including previously released Updates, if applicable. ‘Updates’ are ServiceNow’s releases (including patches and hotfixes) of the Subscription Service applied by ServiceNow to Customer’s instances of the Subscription Service at no additional fee during the Subscription Term that provide problem fixes or other changes, but do not generally include new functionality. ServiceNow may provide new functionality either: (a) as an Upgrade, or (b) as different software or service for a separate fee. ServiceNow determines whether and when to develop, release, and apply any Upgrade or Update to Customer’s instances of the Subscription Service. ServiceNow’s current Upgrade Policy can be found at [www.servicenow.com/upgrade-schedules.html](http://www.servicenow.com/upgrade-schedules.html).

   ServiceNow shall use reasonable efforts to give Customer 30 days’ prior notice of any Upgrade to the Subscription Service. ServiceNow shall use reasonable efforts to give Customer 10 days’ prior notice of any Update. Notwithstanding the foregoing, ServiceNow may provide Customer with a shorter or no notice period of an Upgrade or Update if, in the reasonable judgment of ServiceNow it is necessary to: (i) maintain the availability, security, or performance of the Subscription Service; (ii) comply with Law; or (iii) avoid infringement or misappropriation of any third-party IPR. ServiceNow is not responsible for defects on any instance of the Subscription Service not in conformance with this Section 3.
