# A Single Solution to Connect Your Operations

Acadis® provides a hire-to-retire training management ecosystem to manage the full range of high-volume, diverse training and compliance operations for public safety. Highly customizable, the modular system can eliminate as many as 8 different systems—and offer critical transparency that separate data management tools simply cannot provide.

## What Can Acadis® Do?

Consolidate your systems into one ecosystem

Accelerate tasks

Reduce costs on paper and labor

Free up resources

Generate real-time reports

Make data-driven decisions

Protect your department from litigation

Future-proof evolving processes and policies

## Proven & Successful Installations

More Than 2 Million Public Safety Personnel Served

11,000 Departments Supported

33 Statewide Deployments  
(Law, Fire, EMS, Corrections, or Government)

## Select Successful Clients

## Industry-Leading Security

- FedRAMP-Authorized
- AWS GovCloud (US)

# Acadis® is Designed to Grow with You as Your Needs Evolve..

**HIRING/RECRUITING:** Identify the right candidate, manage evaluations, and streamline hiring processes with automated results.

**TRAINING:** Track individual training records from initial hiring through separation or retirement.

**ACADEMY AUTOMATION:** Schedule, register, and modernize management of your resources and training operations.

**TESTING:** Get a complete view of competencies and capitalize on features that ensure secure testing.

**LMS (BLENDED/VIRTUAL LEARNING):** Train your team with your content and anywhere data connectivity exists.

**INVENTORY:** Track, manage, and certify critical resources like vehicles, firearms, service animals, and more.

**DOCUMENT MANAGEMENT:** Maintain important documents including personnel forms to support certification, lesson plans, instructional aides, and more.

**COMPLIANCE:** Process new certifications, security clearances, and get quick access to your most important documents.

**PERFORMANCE:** Design and capture reviews and track performance against specific guidelines or job requirements.

**INTERNAL AFFAIRS:** Automatically report and track use-of-force complaints, disciplinary claims, and employee misconduct.

**FORECASTING/BUDGETING:** Maintain effective use of resources by forecasting areas of improvement and viewing budgets in real time.

**DASHBOARDS:** Get real-time insights and results across multiple areas of your organization quickly with filtered visual data representations for roles at all levels.
