

Optimized AI Container Storage

DELL Technologies

Advanced entry-level block storage optimized for **SAN, DAS & Edge**

Dell PowerVault ME5012, 5024, 5084

SIMPLE

Easy to install/configure; simple to manage; proactive storage analytics; PowerEdge ready

FAST

Powerful IOPs; high bandwidth; high speed connectivity; 12Gb SAS backend

AFFORDABLE

Low-cost configs & TCO; easy to own all-inclusive SW; pay-as-you-grow

Intelligent

Adaptable

Data-centric

Dell Model	Description	Reference ID	Estimated Cost
PowerStore500T	17TiB RAW / 65 TiB Effective / FC + iSCSI	21728564.1	\$146,349
PowerVault 5224	16TiB RAW / iSCSI	21728621.1	\$100,938

These Dell PowerVault pre-configured solutions allow customers to start small with direct connect options, but continue to evolve as the mission changes into SAN solutions meeting the mission's infrastructure needs.

These Dell EMC PowerStore pre-configured solutions allow customers to start small and grow on demand by serving as a building block for the mission's infrastructure needs. These solutions are designed to provide continuous evolution for the core data center and the 5G connected edge. Please review the specifications and reach out to your strategic partner or Dell Technologies account team if there are any further questions. All solutions have been designed with the following capabilities:

Native NVMe

25GbE connectivity

3 years of ProSupport
