Lucid + Atlassian integrations

Lucid works across the Atlassian ecosystem. From brainstorming to sprint planning, pair Lucid with Atlassian products to add a visual element to your documentation and product development.

Lucidchart Lucidspark

Jira external embed

- Add Lucid documents to Jira tasks, projects, and issues to add visual context.
- Make it easy for engineers to refer to diagrams, brainstorm, and more so they have full context before they start to code.
- Keep everyone up to date and in sync with diagrams and boards that automatically update.

Lucid Cards for Jira

- Import issues from Jira Cloud, Jira Data Center, or Jira Server into Lucidspark as Lucid Cards.
- Convert sticky notes to Jira issues within Lucidspark.
- Add issues to a Dynamic Matrix, pivot the matrix on multiple axes, and filter by specific criteria.
- Stay aligned with bidirectional sync between Lucidspark and Jira

Lucid Cards for Trello

- Import Trello cards into Lucidspark as Lucid Cards.
- Use tagging, sorting, and gathering to organize Cards on a flexible canvas.
- Take advantage of the timer and voting to prioritize Cards.

Confluence Embedded Links

- Enrich your Lucid documents with the context of Confluence pages.
- Get a preview of Confluence pages and make edits without ever leaving Lucid.
- Keep everyone up to date and in sync with Confluence pages that auto-update.

Confluence external embed

- Enrich your Confluence pages and spaces with visuals for a consistent source of truth.
- Provide more context, increase clarity, and improve collaboration across teams.
- Keep everyone up to date and in sync with diagrams, boards, and models that are automatically updated.
