

LOGITECH FOR EDUCATION

REIMAGINE THE FUTURE OF HIGHER EDUCATION

logitech

WHO WE ARE

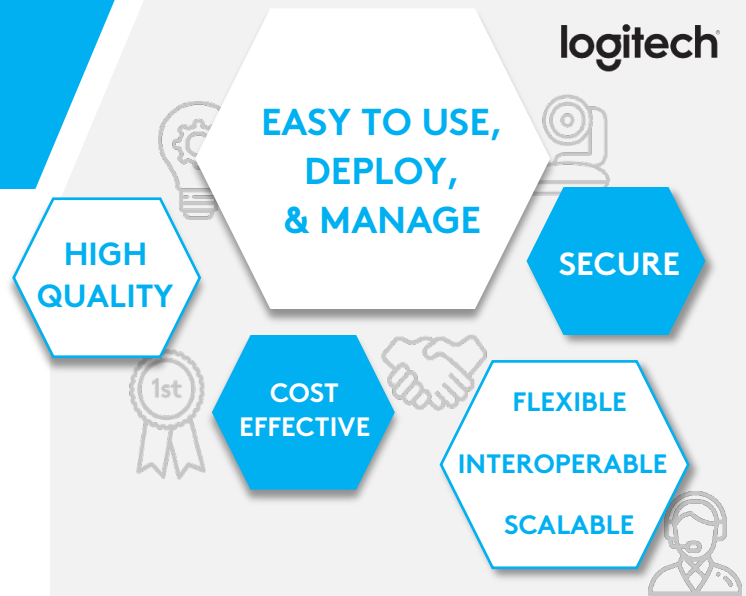

Logitech is a global, multi-brand company that designs innovative products that help people connect and interact with the digital world in unique and meaningful ways. Our products have an everyday place in people's lives and bring people together through audio and video collaboration, computer peripherals, software, music, and gaming. Our brands include Logitech, Logitech G, ASTRO Gaming, Ultimate Ears, Jaybird, Blue Microphones, and Streamlabs.

WHAT WE DO

Logitech empowers educational institutions to accelerate digital transformation and better serve the modern needs of students, educators, staff and administrators-on campus, at home or on the go. Education customers trust Logitech solutions to deliver equitable and inclusive communication experiences, optimize workflows, foster creativity and engagement, and accelerate student and institutional success from anywhere.

HOW WE WORK

Logitech has a dedicated team of Account Managers and Solution Engineers committed to helping institutions harness the power of our solutions to accomplish their specific objectives. Our expert advisors work directly with customers and their trusted reseller partners to simplify the evaluation, acquisition, and adoption of our products and services. Logitech solutions are available on many competitively bid contracts for fast, convenient access at an improved price. Contact your Logitech Channel Account Manager to connect with a Logitech education solutions expert today.

TRANSFORMING EDUCATION

Accelerate Digital Transformation

For nearly 40 years, Logitech's innovative solutions have empowered educational institutions to streamline business processes, improve communication, and foster effective engagement between students, staff, community groups, industry professionals, university partners, as well as governments.

Optimize Workspaces and Support Flexible Learning

Ranked #1 worldwide in video conferencing hardware and as the world's leading provider of personal workspace peripherals, Logitech has the right tools to optimize individual and administrative workspaces, support flexible learning models, and equip eSports programs for student and institutional success.

Reduce Costs and Maximize IT Investments

With a broad range of high-quality, cost-effective, reliable solutions, Logitech makes equipping diverse environments with modern technology affordable and sustainable. Reduce maintenance costs with a two-year included warranty, leverage Logitech Sync to manage large-scale deployments, and use Logitech's Grants Services Program to supplement funding for IT investments.

Drive Adoption with Simple, Interoperable Solutions

Logitech's easy-to-use, plug-and-play solutions make getting started easy for users at every skill level. Our standards-based solutions natively interoperate with Microsoft Teams, Zoom, and Google Workspace and connect seamlessly to other video services, computer, and software environments for maximum investment protection.
