Contract Background

Contract

- Order Number W52P1J-22-F-0096
- Contract Number 47QTCA22A0003
- KO: Jorge R. Chavez-Rey
- COR: Jon Smith

Contract Background

- Prime: Dell Federal Systems L.P.
- 1 year base contract and 1 option year
- Covers support, term and SAAS renewal for all VMware products Army owns
- Covers all Army organizations except MEDCOM, includes COCOMs that Army is the Executive Agent for
 - USSOUTHCOM
 - USEUCOM
 - USAFRICOM

What Contract Covers

- Production Support for all Army owned VMware licenses meeting the following criteria
 - Not end of support
 - Not Original Equipment Manufacturer (OEM)
 - These are licenses that are sold as part of a hardware package delivered by a hardware vendor such as CISCO, Dell and HP
 - If you are ordering hardware, have the hardware manufacturer work with us to ensure licenses they are selling are not currently available from the CHES portal.
- Production Support
 - Break/fix support
 - Available by opening support ticket in VMware portal.
 - Time to contact based on severity of issue
 - You must have access to ELA accounts in portal to open a ticket
 - Not new installation help, if you need that contact me as that will involve VMware professional services

How to Request New Software or Training

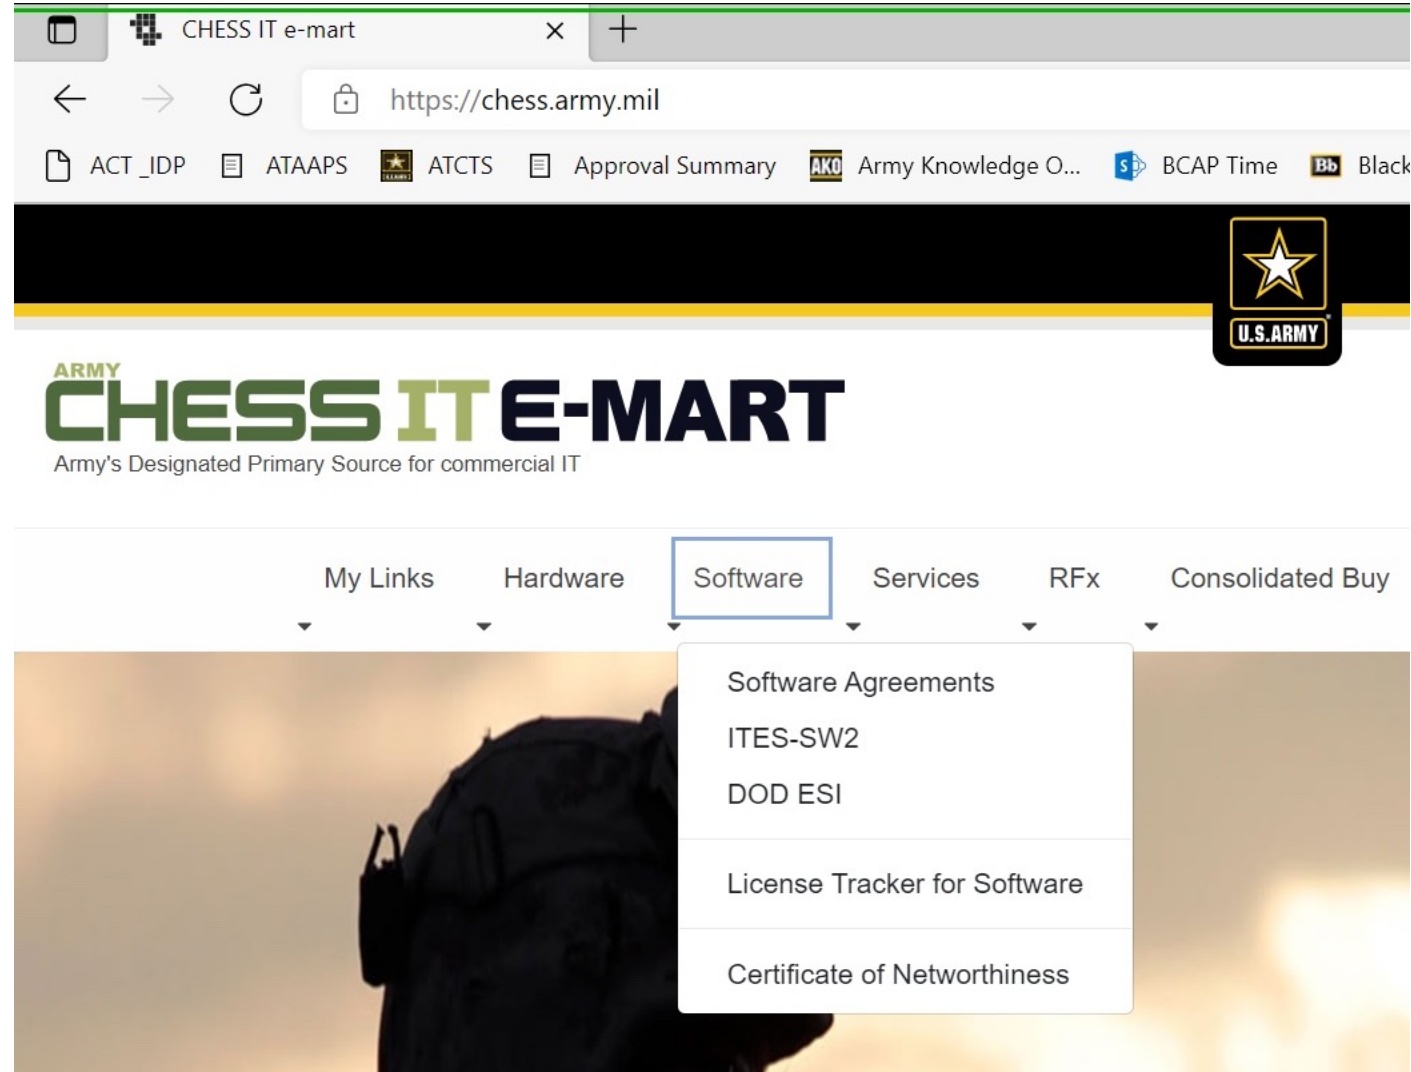

- New License & Training requests are made through CHES License Tracker for Software (LTS)
- **New License:**
 - Requests will be approved by MACOM G6, G8 and CHES
 - ITAS waivers are required for server and datacenter related products
 - Refer to ITAS waiver memos issued 6 Jun 2013 & 14 Aug 2013
 - New licenses **WILL** derive a **COST** for the requesting MACOM upon option year renewals
- **Training:**
 - Requests will be approved by MACOM G6 and CHES
 - Customer should only request **ONE** course at a time
 - Requests for multiple courses at once will be **DENIED**
 - When request is approved customer will be contacted by VMware with voucher and next steps
- Training is open to Army military, civilians and contractors

License Tracker for Software

Welcome to the License Tracker for Software

Pursuant to Army goals to streamline acquisitions and generate significant savings, the Army has centrally negotiated and purchased Commercial Off the Shelf (COTS) software. The Army has several Enterprise License Agreements (ELAs). In order to deliver information and reduce overhead costs for the ELAs, the Product Officer, Computer Hardware I established a License Tracker for Software to centrally manage some of the ELAs.

Please click the Access License Tracker button below to get started.
