

- **What is Mobile and Motorized Equipment Handling?** Mobile & Motorized Handling applies to equipment or mobile displays which do not require un-skidding or uncrating to be wheeled in and out of the exhibit area. Includes rolling stock, self-propelled, towed and/or pushed vehicles and equipment.
- **Motorized Equipment** is defined as a vehicle or unit that can be driven or moved to and from the booth location under its own power.
- The facility requires Exhibitors or their agents with mobile or motorized equipment to have guidance and supervision in and out of exhibit areas. This guidance is required and provided by The Expo Group to prevent damage that may occur to exhibits, or property of others, or when necessary to move shipping containers that may be in the aisles.
- Exhibitors may drive their motorized equipment in and out of the exhibit area or hire The Expo Group's service to supply an operator when available.
